DAILY PROCEEDINGS

WEDNESDAY, MAY 5, 1965

The reception and banquet honoring Bishop and Mrs. Gerald H. Kennedy was held at the Sheraton Meeting House of the Princess Kaiulani Hotel with Mr. Charles M. Campbell presiding. The banquet opened with invocation by The Reverend David J. Harada. Dr. Frank E. Butterworth introduced guests and visitors. Mrs. Barbara S. S. Lee sang two solos—"One Fine Day (Un Bel Di)" and "Hear Ye, Israel." Mr. Donald Matsumori was her accompanist.

Greetings were extended by the Honorable Neal S. Blaisdell, Mayor, City and County of Honolulu, and by Mr. William Norwood, Administrative Director for the Honorable John A. Burns, Governor of Hawaii, who was unable to be present.

During the dinner, Hawaiian music was played and sung by the Business and Professional Women's Federation of the Y.W.C.A., of which Mrs. Katherine Harbottle is the president.

Bishop Kennedy gave a very thoughtful and challenging message entitled "Four Books Methodists Live By."

The Reverend J. Richard Acosta pronounced the benediction.

THURSDAY, MAY 6, 1965

The meeting was called to order by Bishop Kennedy and Hymn #1 "O For A Thousand Tongues To Sing" was used. It is in the sampler of the new Methodist Hymnal.

The new Communion Ritual was followed in the service of Holy Communion led by Bishop Kennedy, Dr. Frank Butterworth and assisted by Rev. Hilo Himeno, Rev. S. W. Kim, Rev. J. R. Runes, and Rev. Jack Smith. The service ended with the singing of Hymn #23 from the sampler, "When I Survey The Wondrous Cross." The conference was adjourned for 15 minutes.

The conference reassembled and Bishop Kennedy read a letter from the National Division of The Board Of Missions telling of the new job assignment of Dr. Harry Komuro. He will now be dealing with the area of personnel as well as church extension in the area of the National Division.

Roll call was conducted by the conference secretary and the roll cards collected by the ushers.

The report of the Program Committee was given by the chairman, Lawrence Hinchaw and the program was adopted as printed and circulated.

The greetings from the National Division of the Board Of Missions were brought by Dr. Harry Komuro who also brought an exciting address to the conference.

Following introductions (Dr. Will Hildebrand, Rev. and Mrs. Norman Moss and their daughter, Dr. Herschel Hedgpeth, by Mason Willis) the superintendent's report was presented by Dr. Frank Butterworth.

Announcements were made and a short recess was called to be followed by the conference photograph at 11:15 A.M. after which we will be in adjournment until lunch for the delegates at Pohai Nani and at Kailua Church for the ministers' wives.

The conference session was called to order in the auditorium of Pohai Nani by Bishop Kennedy at 2:00 P.M.

Greetings were brought to the meeting from the Honolulu Council of Churches by its executive director, Rev. Seido Ogawa.

The report of the conference statistician, Rev. James J. M. Misajon, was presented and accepted with thanks. The report is report number 2 in the delegates folder.

The committee on Mission Organization report was presented by the chairman, Rev. Mason Willis. The report was in the form of resolutions and was report number 3 in the delegates folder.

- Resolutions 1, 2, 5, 8, 10, and 11 were adopted as printed.

- Resolutions 3, 7, and 9 were tabled.

- Resolution 4 was amended to read, following the *Methodist Church*, "subject to clearance of the legal department of the National Division of the Board of Missions." It was adopted as amended.

- Resolution 6, category 2, was amended to read in the last line, "but excluding mainland and interisland moving costs." It was adopted as amended.

The following motion was made by Rev. Paul Galvin: it was seconded and discussed.

"I move that there be included in the 1965-66 Budget of the Methodist Church in Hawaii and apportioned to all the churches in the Methodist Church in Hawaii.

the sum of Money necessary to pay at the meeting of the 61st Annual Meeting all expenses now being paid for mission personnel and their wives and for lay delegates to attend the Annual Meeting plus funds for the mission personnel and lay delegates to attend the Bishop's Banquet and the Laymen's Banquet, and funds to cover the housing cost of island mission personnel and their wives and lay delegates, and funds for a per diem for food for mission personnel and lay delegates."

After a short discussion the motion was referred to the Board of World Service and Finance for their action.

The report of the Committee on Nominations was presented by Bob McCullagh. After a discussion about the compositions of the World Service and Finance Commission and its members serving on other agencies drawing funds from the World Service and Finance it was decided to go along as we have in the past for the current year, but that they take into account the positions of members in future nominations so that their loyalty will not be strained when budget askings are presented.

The report of the Nominating Committee was accepted as presented with the exception of section 18, and 20 which will be elected later and section 23 which former action in report of Mission Organization deleted. Adopted as printed in delegate's folders.

A motion was made by Dick Peterson concerning Mission Status.

"In order to properly appraise the status of the Methodist Church in Hawaii and in order to appraise, accurately, the feelings of both mission personnel and laymen in the churches about the future status of the Methodist Church in Hawaii, I do hereby move:

1. That the committee on Mission Organization or some other appropriate body chosen by the Bishop and Mission Superintendent, study the procedure for becoming (a) a district of a mainland conference (b) a provisional annual conference and that these procedures be listed as a schedule of possibilities including such things as—degree of self-support needed; cost of travel to Annual Conference; relationship to conference boards in determining and carrying out program; level of minimum salaries; and all other pertinent factors, and that this information be presented to the churches at least 90 days before the Annual meeting of *The Methodist in Hawaii in 1966*. This will make possible definite and clear action by the annual meeting either choosing a change of status or rejecting it, if anyone cares to bring it before the conference."

THE MOTION WAS SECONDED AND PASSED AND REFERRED TO THE COMMITTEE ON MISSION ORGANIZATION FOR ITS ACTION.

At the conclusion of the Nominating Committee's report Mr. Oscar Fulford brought the report of Pohai Nani.

There being no other announcements or business for the afternoon conference session we were adjourned by the Bishop and reconvened as the Pohai Nani Foundation. Rev. Richard Peterson, presiding as president of the Pohai Nani Foundation. After a brief meeting the afternoon session was adjourned to meet next at 7:30 P.M.

The evening session was called to order by Bishop Kennedy at Harris Memorial Church and the hymn "How Great Thou Art" was led by Rev. Ed Womack. Bishop Kennedy introduced to the conference Dr. Alan Walker, pastor of the Central Methodist Mission in Sydney, Australia, who brought the evening message on "Mission in the Pre-Christian Society." Hymn #17 was sung, "How Happy Are Thy Servants, Lord."

The business session was called to order at 8:20 P.M. and the report of the Board of Education was presented. Rev. Harry Pak presided and Rev. Richard Northup, Miss Ellen Oda, Dr. James McGiffin, took part in the presentation.

Dr. McGiffin read from a report sent in by Ben Youngblood who is at SMU in Dallas until 1 July, 1965.

The dates of this summer's Lab School were announced as being August 2-7 at Parker Memorial Methodist Church. Classes will be held from 9:00-11:30 A.M.

The recommendations of the Board of Education were passed as presented in the delegates folders and recommendation #3 was referred to the commission of World Service and Finance for their action.

The entire report was before the conference and it was adopted as amended and referred.

The conference was adjourned at 10:15 P.M. to reassemble at 8:45 A.M. Friday morning.

FRIDAY, MAY 7, 1965

Organ devotions by Mrs. Hester Vanderburgh opened our Friday worship period. Hymn #8 "Lord, Speak To Me, That I May Speak", was sung and Bishop Kennedy presented Dr. Frederick Maser, pastor of St. George's Church in Philadelphia, one of Methodism's shrines, who brought the devotions for the morning. Hymn #2 was sung and the benediction pronounced by Bishop Kennedy.

The business session was called to order and the report of the Woman's Society of Christian Service was given by Mrs. DeWitt McCloskey, state president. In the report as printed in the delegate's folder this should be added. Where the report of Supply Asking is listed add: "our supply asking for the Church of All Nations in New York was \$200 which was paid."

The report was accepted as corrected.

The Daily Journal for Thursday was reviewed and approved with one addition: in the report of the Commission on Missions the name of Mrs. Walter Wong was omitted from the list of those making the report. It was approved as corrected.

Later one other addition was made. Thursday afternoon just before the Pohai Nani Foundation made its report the Methodist representative to the Board of Trustees of Hawaii Loa College were approved. They are: Bishop Gerald Kennedy, The Executive Secretary of the Division of Higher Education of the Board of Missions, The Executive Secretary of the National Division of the Board of Missions, and the Superintendent of the Hawaii Mission of The Methodist Church.

The report of the Church Location and Building Committee was presented by Dr. T. Samuel Lee, Chairman.

The entire report was adopted with this correction: in the report on the Hilo project, the correct amount for local church contribution should be \$44,310 which would make the total read \$90,791. The local church amount included a \$30,000 loan.

A motion was made that the secretary be instructed to draft a resolution of thanks to all delegates who attended the Western Jurisdictional Conference in Portland, thanking them for arranging to have their 1968 conference in Hawaii. It was adopted.

Announcements:

The Honolulu Council of Churches Workshop for Lab School and Vacation Church School will be held May 29 at the First Presbyterian Church.

The Mission Record "Voices In Hawaii" now on order in the Book Room. Conference picture orders now being taken in the Book Room.

Airport transportation arrangements for returning delegates be cleared with Dave Twigg of Harris.

Bishop Kennedy requested that a letter of thanks be sent to Dr. Alan Walker for his contribution to the Annual Meeting. It was so moved and adopted.

Adjourned for lunch.

The conference was called to order at 2:00 P.M. and the report of GOOD WILL INDUSTRIES was presented by Rev. Euicho Chung. There was some question as to the relationship of the Honolulu Branch of Good Will Industries and the Methodist Church. The charter reads "it is to be affiliated with Good Will Industries of America and The Methodist Church." This relationship requires a certain number of the board members be Methodists and at the present time they are not. The question arises as to what can be done. After much discussion and expressions of concern over the relationship the report was adopted as printed in the folders.

The report of the BOARD OF EVANGELISM was presented by the chairman, Rev. Mason Willis.

The report was adopted as printed in the folders.

Two questions were asked: "What are we doing about Family Evangelism?" and "What are we doing about the 'One Witness' program?" The answer to the second was that we are having that as part of the emphasis in 1966 along with the study of Ephesians. The first question has to be referred to the Board of Evangelism along with the Adult Work Committee of the Board of Education for their consideration.

Unconventional evangelism will be continued this summer but plans must wait the new Board of Evangelism's organization. It was said that the General Board of Evangelism might be receptive to an invitation to come to Hawaii for a special program if we desired them to come.

The report of the MID YEAR COMMITTEE was given by Rev. Art Mix and Rev. Royal Marty. It was adopted as printed in the delegate folder.

Al Crozier, lay delegate from East Kauai—asked for the privilege of sharing with the conference an experience at the dedication of the new classroom facilities at Lihue. He made a motion that a letter he read be included in the journal of the conference. It was seconded and passed. (The copy of the letter and a picture is included under separate cover).

Rev. Rhodes Martin made a motion that a special collection be taken to purchase a gift for Dr. Allen Rice. It was seconded and passed.

James R. Luther, lay delegate from Ewa Beach expressed concern about legislation or rather the lack of legislation that is acceptable on apportionment of the legislature. He made a motion that this matter be referred to the Commission on Christian Social Concerns for the purpose of preparing a resolution to be presented back at this session of the Annual Meeting. It was seconded and passed.

Fred Trotter asked for a point of person privilege. He expressed concern that the lay delegates were not prepared adequately to really do business at annual meeting. Pre-conference information should be mailed out in time to be studied. This suggestion was referred to the committee on Annual Conference.

Bob McCullagh called our attention to a motion made at last year's meeting by Charles Yonamine of Waianae which called for the same thing. Motion was made/seconded/and passed to reaffirm that motion and that it be done.

It was amended to read "at least two weeks prior to annual meeting." It was accepted as amended.

Bob McCullagh asked that the standing rules of the conference be changed concerning the Conference Nominating committee. He suggested that members be elected to serve for three years but that this year's committee be divided into three classes: two to serve one year; two to serve two years; two to serve three years. Each class elected in the future would be for three years. Election of this committee would be immediately after the report of the nominating committee. Ex-officio members to the committee would be the president of the Board of Lay Activities, the president of the State Woman's Society of Christian Service, and the conference statistician.

This recommendation was passed as presented.

A nominating committee to serve for next year and to be divided into three classes as per the motion was elected. Those to serve were: Jack Smith, Bill Buford, Lloyd Close, Dick Peterson, Conrad Tsukayama, Miss Helen Harder. Jack Smith will be the convener of the group. They were elected.

Sam Bishop asked for a point of personal privilege and made a statement. He is concerned lest we overemphasize money and underemphasize the spiritual aspect of our work.

Announcements were called for.

A resolution was presented by Rev. James J. M. Misajon: It was moved that a study be made as to the possibility and need to establish a home for elderly people of low income in the city of Honolulu without regard to race, color or creed.

It was referred to the Commission on Christian Social Concern for their action and recommendation. It was moved/seconded/passed that this be done.

There being no further business the meeting was adjourned to meet with the Board of Lay Activities at First Methodist Church in their annual banquet at 6:30 P. M.

The Bishop called for invitations for the 1966 Annual Meeting and two invitations were issued:

Hilo Methodist invited the conference to come to the Big Island;

Harris Memorial invited the conference to come back next year.

A vote was taken to indicate the delegates wishes and it was a tie vote, 24-24. A motion was then offered to refer the site of the 1966 conference to the Annual Conference Program Committee. Again a tie was recorded and the chair voted to refer the matter to committee.

An announcement was made about the reception for the retiring and departing members of the Mission family—to be in the social hall right after adjournment.

Copies of the Hymnal Sampler can be taken home with the delegate if they desire.

Mid-year questionnaires will be sent to all mission personnel.

Bishop Kennedy prior to reading the appointments made a statement about preachers and preaching. Following that he read the Pastoral and Workers appointments for 1965.

A closing hymn was sung—#4 in the Sampler "How Great Thou Art"—as it was sung all mission personnel were asked to come forward for the closing prayer.

The conference was dismissed to meet again in 1966.

The conference adjourned to the social hall for an aloha gathering for those workers who will be departing from the Mission during the year.

THE METHODIST CHURCH IN HAWAII

1964-1965

By Frank E. Butterworth, Superintendent

"Nothing is permanent except change." These words of the ancient Greek philosopher Heraclitus are aptly descriptive of the changing nature of the Methodist Church in Hawaii.

I was viewing some slides which I took in Honolulu only ten years ago. There were only three buildings on the skyline at Waikiki: the Royal Hawaiian, the Moana, and the Surf Rider Hotels, and the highest "skyscraper" downtown was the Hawaiian Life Building. Today if one drives into Honolulu over Red Hill, the city looks like a forest of high-rise buildings! The shabby frame slums have yielded to vast cleared areas for urban redevelopment. The "Old Plantation" of Hawaiian song fame is now the mecca for thousands night after night as they attend events at the new Honolulu International Center. Iolani Barracks is being moved brick by brick and the old armory torn down to make way for the magnificent new state capitol building. Even the Kalihi skyline is dominated by the Kuhio Park Terrace public housing units which house 1206 families in twin concrete towers. Punchbowl's slopes and the Makiki District are framed by giant cranes engaged in constructing 16 to 20 story apartment houses. The old coral flats along Kapiolani Blvd. have yielded place to new industrial and apartment district, and the Ala Moana Shopping Center is doubling in size, to provide 177 stores and parking for 8,000 automobiles! Shopping centers at Waialae and Hawaii Kai are now busy urban centers, and new homes steadily climb up the slopes above Waialae Country Club. Downtown has a "new look," and uptown is now jamming up with traffic. New arterials crosscut the city.

Nor is the rest of the island untouched by the hands of developers. The postwar trend toward subdivisions on the windward coast of Oahu continues unabated, as exemplified by the Enchanted Lakes development of 4800 new homes behind Kailani Conference Center, and the new "core development" in the Waimanalo business district. Kaneohe continues to be the fastest-growing town on Oahu, Kahaluu Valley is filling up with homes, and even Hauula boasts a new shopping center!

The heaviest trend of home-buying, however, has shifted its course to leeward, with 25,000 homes planned for the canefields overlooking Pearl Harbor. Waipahu has become a metropolis, and Aiea is choked with traffic.

This year for the first time the decrease in population of the Neighbor Islands has been checked, with millions of dollars being spent for new developments throughout our state. The beautiful beaches of West Maui have become the Palm Springs of the mid-Pacific, with championship golf courses and multi-story hotels replacing former cane fields and keawe thickets. Winter homes are rising along the shore clear up to Honolulu, changing that former small plantation church to a spiritual winter home for retired folk, especially Canadians. New residential increments in Central Maui between Kahului and Wailuku have provided new homes for a thousand plantation workers, replacing their former frame cottages. Lawrence Rockefeller has spent millions developing a new luxury resort at Kawaihae Bay on the Big Island, and even dreamy Kamuela is feeling the effects thereof. Kona is booming into a major retailing area. New resorts at Kauai have necessitated construction of a new shopping center in Lihue and a fine new auditorium, with a stadium planned next.

New industries are replacing sugar and pineapple dominance. The Campbell Industrial Park on Oahu, 3 cement plants, an oceanic research center, satellite tracking stations, guided missile ranges, electronic firms, fruit processing plants, new agricultural crops, and the establishment of a foreign trade center on Sand Island create thousands of new jobs. Young people are beginning to stay in Hawaii, to grow rich with the new state in its new economy. Wages continue to rise, so we rank 8th among the states in per capita income. Heavy investments of mainland and Japanese capital are being made in new business enterprises. Construction averages six million dollars per week in building permits! Like June, Hawaii is "busting out all over"! These manifold changes have produced like changes in the program and ministry of the Methodist Church in Hawaii in 1964-1965.

"NEW OCCASIONS TEACH NEW DUTIES"

The increasing urban density of the metropolis of Honolulu has made our city churches take a new look at their immediate neighborhoods and the needs thereof. Four of our urban churches (Aldersgate, Palolo, First, and Wesley) have established after-school and Saturday programs to serve the needs of underprivileged children living nearby in low-income housing projects, in cheap rooming-houses and apartments, and in deteriorated neighborhoods. This summer a bus is being purchased

to extend the neighborhood children's programs at Aldersgate and Palolo Churches to nearby beaches and mountains and points of interest, that children of the streets may share the American heritage of the great out-of-doors. The Aldersgate Cubs, Scouts, 4-H, and Campfire Girls joined together to enter an illustrative float in the Aloha Week Parade depicting the many races playing happily together "under the church roof." Palolo's program has become the spearhead of the Economic Opportunity Act plans sponsored by the Palolo Community Association. First Church has received the enthusiastic kokua of the Kaahumanu Elementary School staff, and Wesley is serving the children off "the hill."

Into the low-income housing projects have come hundreds of Samoans, while Tongan and Fijian families have crowded into dilapidated houses behind Kuhio Beach and at rural shore spots. Our Samoan congregation at Aldersgate increased, and another Samoan group was formed at Kahuku, served by a lay preacher from Aldersgate. The new bus will help deliver these families to religious activities.

Apartment house evangelism has become the chief concern of Harris, First, and Christ Churches, as urban redevelopment and condominium construction has completely changed their immediate neighborhoods into cosmopolitan "cliff-dwellings." Harris laymen are out one Sunday night per month in visitation upon these newcomers of all races; First Church sees that every visitor receives at least three calls; and Christ Church not only circulated welcome brochures throughout the neighborhood which is stacking higher day by day, but they even voted to change the historic name of First Korean to the new and more inclusive term to bid those of all races to come to their expanding program.

A new dimension has come to the historic ministry of Harris and Wahiawa Churches to the Japanese-speaking community with the coming to their staffs last summer of the Rev. Taiji Takahashi, an ordained elder of the United Church of Christ in Japan (Kyodan). With a post-war education in Japan in both electrical engineering and in theology, his weekly radio broadcast on KZOO and his conversations with newly-arrived Japanese businessmen and brides have attracted statewide attention and brought new and younger Japanese-speaking people into the membership of the two churches he serves. His relationship with the Kyodan also provides us with the names of Kyodan members moving to Hawaii, and enable us to do the reverse favor for them.

Harris Church has demonstrated remarkable churchmanship this year in two great acts of brotherhood: tithing the amount given to them across their 75 years of existence with a cash gift of \$22,500 to enable Aldersgate to build their much-needed new sanctuary, and then pledging \$7,500 in the coming year out of benevolence giving to enable us to start a new church in Pacific Palisades, overlooking Pearl City!

The Superintendent made a two-week visit to Southern California in January at the invitation of Dr. Kenneth Miller, Sup't. of the Whittier District of the Southern California-Arizona Annual Conference, to do promotion work across the district. As a result, and with the cooperation of the Whittier District Methodist Men's organization, \$7,500 was raised among those churches to similarly undergird a salary to begin a new church at Enchanted Lakes this year.

Thanks to the increase in self-support by our churches in Hawaii and their acceptance of full responsibility for the Superintendent's salary, sufficient Division funds were released to enable us to start a third new church next summer in Central Maui.

Our Ewa Beach and Waianae Churches are reflecting the population trend to leeward, and Aiea Church has engaged in a statesmanlike survey of development plans and land costs in their area, and have decided to remain in their present strategic location and build a multiple-story unit. Wahiawa is adding a Minister of Education to their staff on July 1st, and are completing a new educational plant.

New thrusts were made into the Hawaiian Homestead Community in Waimanalo last summer with the addition to the summer staff of a youth worker. It is hoped that this work will ripen this coming summer into the organization of a canoe club among the Hawaiian youth. Meanwhile, up the windward coast at Kaaawa, a surf club may be formed soon by MYFers of our newest Methodist Church in Hawaii, the Kaaawa Methodist Church of the Golden Rule. We have had Japanese language services there for years, and under the leadership of Edith Yonenaka (post-mistress and a member of our Kahaluu Church) we have for several years operated a Methodist Sunday School there—the only Protestant work along ten miles of coast! An adult congregation formed and requested membership in the Methodist Church, so we are now trying to find a site upon which to relocate this small but vigorous congregation from their present quarters in the Kaaawa School. They have

a children's choir of 25 voices! Credit for this 27th church in our Mission family must be given to the Rev. James Terauchi of the nearby Kahaluu Church, for he patiently ministered to this group and preached biweekly for two years without receiving any support!

Kahuku Church completed its beautiful "do-it-yourself" plant this year, and has begun a significant ministry to the Fijian Methodists at the Laie Polynesian Cultural Center nearby. 90% of Fiji's population is Methodist, and the people of Kahuku are gladly transporting these brethren who come out of the Australian Wesleyan Methodist Church. Another interesting ministry at Kahuku is that to gentle students at the nearby Church College operated by the Mormon Church. Two nights a week non-Mormon students gather in the pastor's study for discussions which include the Catholic priest and the Episcopal rector. Kahuku's fine new church is already free of debt!

Olive Church in Wahiawa opened its beautiful new sanctuary and educational plant this year, designed by Methodism's Roy Tanji. The Korean women raised enough money selling kimchee to purchase the red carpet for the sanctuary! Many non-Koreans have come into this lively church, however, and under "Kimbo's" enthusiastic leadership the church aspires to full self-support in another year! Ewa Beach also purchased two acres (for \$100,000) and began their new church plant construction this year. No church has grown faster than this dynamic young congregation. It will enjoy the first use of the new "portable" sanctuary designed by another Methodist architect, Gerald Allison.

Paul Jones, prominent Methodist architect who won national recognition this year for his work, designed the lovely new sanctuary at our Hilo Methodist Church on the Big Island, which was consecrated in March.

Our church at Honokaa on the Hamakua Coast of the Big Island has leaped forward in activity and stewardship under the dynamic leadership of Richard and Lena Acosta, who came to us last July from Puerto Rico. Another personality who has struck fire on the Big Island is "Lindy" Loresco who was this year asked to serve as the resident pastor at Naalehu, where the satellite tracking station made a fine addition to the plantation town.

Lihue, Kauai, saw the consecration of the artistic new East Kauai educational building. Tourists from the nearby Kauai Surf Hotel are in regular attendance every Sunday, and the church is becoming a real power in this county seat community. By vote of the congregation, the new building has been named Steckman Hall in honor of the Rev. Ira Steckman, who this year finished a significant ministry on the Garden Island.

Lahaina, Maui, is constructing a new duplex for its two women workers. Mrs. C. P. Goto continues there to hold the love and affection of the Japanese-language group, and Joan Takara (from Kailua) was appointed in July as Director of Christian Education. Under her leadership the youth program has grown, and although the former Sunday School at Puukoli had to be closed due to the population shift out of the old camp town, none of the children were lost to the church, but all are transported weekly to the Lahaina Church School. In line with the Lahaina Restoration Project, a building committee is now making plans for a new sanctuary at Lahaina. The Lahaina-Honolua circuit achieved full self-support this year, as did our Hilo and Kilohana Churches (the latter only five years old, and already boasting 300 members, almost equally divided between Orientals and Caucasians).

METHODISM'S VOICE IN HAWAII IS GROWING STRONGER!

Because the Methodist Church in Hawaii is giving bold leadership in meeting the new social challenges of contemporary Hawaii, community leaders are turning increasingly to the Methodist Church for leadership in public affairs.

Three of the four Economic Opportunity Act programs designed and approved to date for Oahu involve Methodist programs: Aldersgate thru the Palama program, Susannah Wesley Community Center thru the Kalihi program, and Palolo Church thru the Palolo Valley program.

Our Goodwill Industries now offer gainful employment to nearly sixty physically handicapped and mentally retarded persons: a 50% increase in employment of these folk in one year! The present workshop is literally bursting at the seams with merchandise and people, and the retail store is prospering beyond belief. The State Rehabilitation program works in direct cooperation with the Goodwill Industries, as does Waimano Home for the handicapped.

Pohai Nani and Kahanaola, our Methodist retirement home and its contiguous convalescent center at Kaneohe, represent perhaps the finest public relations that Methodism ever had in Hawaii, since they were built to minister to an unfulfilled

need for housing for the elderly at the request of community leaders. Physicians have acclaimed the ministry of Kahanaola to convalescing oldsters, and Pohai Nani has become the model for other retirement homes.

Susannah Wesley Community Center has embarked upon a totally new ministry this year, under the capable and inspired leadership of Mrs. Harrison Lang. Supervised study-halls to assist culturally deprived youngsters recommended for this aid by school authorities are now being conducted by Susannah Wesley in two elementary schools and in Dole Intermediate School. Pre-schools to help youngsters in need of preparation for the learning experience are being conducted in the Kalihi Valley Homes low-income housing project at the request of social agencies and of the parents themselves. The Hawaii Housing Authority has been so impressed by the value of this ministry that they have invited Susannah Wesley to undertake similar pre-schools in the giant new Kuhio Park Terrace low-income housing project, making a special large room available to us for the purpose. Classes in nutrition on low budgets and classes in ceramics and in English for parents are also sponsored, as is group work for both neighborhood children and for pre-delinquent youth and "drop-outs." This program can be expanded by Economic Opportunity Act funds. Because of this fast-unfolding new ministry of Susannah Wesley to the Kalihi Valley housing people, all thought of selling the large property has been abandoned. On the contrary, plans are now underway to construct a new plant to serve Kalihi on the premises!

Ministers and laymen of our Methodist Churches have increasingly been called to significant positions of community leadership throughout our state.

Now we are rejoicing that the dream launched first by the Methodist Church in Hawaii of a four-year liberal arts college of the highest academic rating is at last coming to reality at the foot of the Nuuanu Pali. Hawaii Loa College, a joint enterprise of the Methodist, Presbyterian, Episcopal, and United Churches, is now in the process of master-planning its five million dollar campus. A president will be chosen shortly, and a five million dollar campaign for funds throughout the state will be conducted next Fall. Plans are to enroll the first freshman class in the autumn of 1967, by which time buildings will be completed.

WE ARE COMING OF AGE!

The Methodist Church in Hawaii is evidencing a growing maturity in several directions. The year of emphasis on Stewardship in 1965 should further the trend toward increasing self-support. Twelve of our twenty-seven churches already pay their pastor's salary in full, and three others have promised self-support within the next two years. This Fall, first quarterly conferences have been advised to prepare for the Superintendent a time-table toward self-support. Such notable achievements as Harris Church's benevolence increase in the same year that a full-salaried associate was added, Kilohana's commencing of construction on a new educational wing without asking a dime in grants, and the remarkable \$10,000 increase in Parker's current budget all point to a rapidly growing sense of stewardship.

The influx of mainlanders as new residents (many with backgrounds in churchmanship) and the coming of age of a whole new generation of local people have offered our churches a challenge in evangelism that has not been overlooked. An 5.57% increase in our net membership is eight times the national average gain for Methodism, and indicates the zeal of our laymen and pastors in calling upon new residents in our many growing areas. Nevertheless, 40% of the growth occurred in three churches (Kailua, First, and Harris Memorial), with the largest percentage gains in the four suburban churches at Ewa Beach, Kilohana, Olive, and Parker. Two-thirds of the neighbor island churches shrank in size, but growth was shown at Hilo, Honolulu, and East Kauai. We now have six churches of over 400 members and only six left with under 100 members.

Particularly notable has been the effective way in which Christ Church and First Church have reached students from the East-West Center at the University of Hawaii. Our Wesley Foundation has done much to stimulate the religious growth of students at our university, but with 14,000 students enrolled we realize that we are barely scratching the surface in challenging them. Local churches must place more emphasis upon relating their students to the Wesley Foundation.

NEW WALLS TO CLIMB

Despite these encouraging gains in our work this year, new challenges are unfolding before us. An ever larger stream of immigrants from the islands of the South Pacific must be integrated into our cosmopolitan urban life. Unconventional methods of evangelism must be found to reach thousands of our local people who are totally indifferent to the claims of God upon their lives. (Sunday evening programs on the

beaches this summer may assist in this work). Methodists of Hawaii must establish a church extension fund of our own to enable us to purchase property for expansion into new work, and we must work tirelessly to achieve total self-support. It is difficult to justify asking for funds from states whose average income is less than our own. The prosperity of contemporary Hawaii must be reflected in the greatly enlarged stewardship of our people. There is absolutely no excuse for any church in Hawaii to remain on missionary support for decades!

A DEBT OF GRATITUDE

None of our gains in Hawaii would have been possible without the unmeasured generosity of the National Division of the Board of Missions. To Dr. Rice and Dr. Murphy, to Bishop Kennedy, to our many mainland friends who designate Advance Special gifts for Hawaii, and especially to our beloved friend Dr. Harry Komuro we are eternally grateful! This year we especially appreciate Dr. James McGiffin's substitution during Ben Youngblood's furlough. Finally, to Jim Misajon, to our Headquarters secretaries, to our pastors and their families, and especially to our dedicated laymen of Hawaii, I offer a heartfelt mahalo nui for a job well done and a willingness to face our challenging future with a new determination!

REPORT OF BOARDS, COMMISSIONS AND COMMITTEES

REPORT OF THE BOARD OF CHRISTIAN SOCIAL CONCERNS

Your Board of Christian Social Concerns has met a number of times in the year past to discuss pressing issues and to map our strategy for coping with them. Several projects are under way and some very significant things have already been done.

We are in the final stages of preparation of a handbook on the question of gambling and efforts to legalize it in Hawaii which will include: 1) a history of efforts to bring in legalized gambling, 2) a resume of current laws concerning gambling in Hawaii, 3) probable strategy of pro-gambling forces, 4) suggestions for local church action and study.

We have scheduled January of 1966 for a two or three day Seminar on the "Economic Effects of Disarmament." It is probable that the sessions will be at the Ala Moana Banquet Center, make extensive use of University of Hawaii personnel and military experts as well as have participation by the General Board of Social Concerns. Delegates from the neighbor islands will be provided transportation costs.

When the issue of gambling came up at the previous legislature, your Board of Social Concerns was instrumental in stimulating public pressure against passage of gambling legislation and your Chairman testified on behalf of our churches.

Roland Sagum, Chairman of our Section on Temperance and General Welfare has led out in providing our churches with the resume against gambling and particularly a lottery for Hawaii. Additionally, he has kept us all abreast of developments before the Third Legislature regarding removal of the State Prison to the Island of Maui. Your Chairman was present for the Senate Committee hearing and testified in behalf of SR 82 which would keep the Prison on this island where 88% of the prisoners have their homes. As of this writing, no final action has been taken but strong pressure is coming from the Executive and from the House of Representatives for passage.

Action by your Board during the year on a number of issues has been reported in the press. Several of these actions are presented as resolutions for consideration by this Annual Meeting.

We note the approval of the number of churches who are undertaking programs of ministering to the culturally disadvantaged peoples in the primary area of their parish. We hope these programs will be expanded.

We have had considerable discussion on the issue of Race Relations. A donation was made to Charles Campbell to help him in traveling to Selma for the March to Montgomery. Mr. Campbell has given numerous reports of the import of that occasion and we urge churches who have not heard from him to do so.

An office for the Civil Rights Conference has been set up at the First Methodist Church. Efforts by this group are being made to stimulate public pressure toward passage of strong voter legislation in Congress. A good will tour composed of members of the several races of Hawaii will go to the mainland and visit leaders in troubled areas during the summer of 1965.

We point out the need for Hawaii's churches to lead out in the establishment of the truly inclusive church. While there is no segregation or discrimination per se in Hawaii Methodism, each of our churches has an ethnic majority determined largely by language origin. Inasmuch as the language problem no longer exists, we hope and expect each of our churches will reach out in efforts to establish more inclusive fellowships. We are not convinced this will happen without some deliberate efforts. We believe that Hawaii has a unique opportunity to lead out in the matter of the racially inclusive Christian Fellowship and that even accidental perpetuation of a church ethnic preponderance in a society as multi-racial as our own may at some time be harmful to our social conscience and our prophetic voice. We hasten to add that most or all of our churches are striving toward this end and we wish to commend and encourage them.

Your Board Chairman was sent to Washington D.C. in October to represent Hawaii at the National Convocation on Christian Social Concerns. A full report has been made to the Board and will not be repeated here. It is to be hoped that Hawaii will be increasingly participating in national social concerns matters and events for we do not believe that our geographical dislocation is sufficient justification for non-involvement. We are pleased to note that the people of Hawaii are identifying deeply on many issues such as race and peace. We feel we have a contribution to make to the total church on these matters and others and in some cases we have been privileged to do so.

We are earnestly discussing the matter of separation of Church and State. We call attention to the court test of the recently passed Honolulu Bus Subsidy Law. This test case will involve quite a sum of money. Many Methodists may want to contribute toward this cause through the Hawaii Committee for Church-State Separation.

Additionally we are studying the tax-exempt status of our churches to discover the issues this may pose for the Methodist position on separation of church and state. Some feel that exemption from taxes is both an indirect subsidy for the church and a denial of the stewardship obligation of Christians for the government and well being of the state. Others call attention to the fact that the power to tax is the power to destroy and that strict separation of church and state can be maintained best by keeping our present tax structure.

We hope every church has subscribed to and receives several copies of CONCERN, the Methodist Magazine on Social Concerns.

The attached resolutions are presented for your consideration.

Lawrence A. Hinshaw,
Chairman

RESOLUTION ON ALCOHOL AND DRIVING

WHEREAS, The Methodist Church stands in militant opposition to the practice of drinking and driving, and,

WHEREAS, many thousands of lives are lost each year as a consequence of accidents in which one or more of the drivers had been consuming intoxicating beverages, and,

WHEREAS, it has been conclusively shown that drivers whose blood contains between .05% and .15% of alcohol are extremely dangerous and the cause of many accidents, and,

WHEREAS, we believe that existing legislation on driving under the influence of alcohol is inadequate to provide for public safety on our streets,

THEREFORE, BE IT RESOLVED

1. That we urge the State Legislature to adopt an "Implied Consent Law" requiring that every driver who secures a motor vehicle operator's licence shall be considered to have given consent for submission to a chemical test at the direction of a law enforcement officer in order to evaluate his blood-alcohol content and providing in this law proper safeguards for civil rights.
2. That we urge the adoption of an "Intermediate Offense Law" to make it illegal for a person with a blood-alcohol level of .05% or more to drive an automobile and which provides for a penalty for such a person whether or not he has been involved in an accident inasmuch as he is a menace on the streets and highways.

RESOLUTION ON GAMBLING

WHEREAS, each year several bills proposing to legalize gambling in the State of Hawaii are introduced into the Legislature, and,

WHEREAS, it is our conviction that "Gambling stimulates the desire to acquire wealth without honest labor" and that "Organized and commercial gambling is a menace to business, breeds crime and poverty, and is destructive of the interests of good government", and,

WHEREAS, repeated studies have shown the harmful effect of gambling on the social fabric of a people as is evidenced by Nevada's unusually high crime rate, and,

WHEREAS, it has also been shown that most legitimate businesses would suffer, welfare costs would pyramid, and that monies normally servicing the economy of Hawaii would be diverted into the coffers of the underworld,

THEREFORE, BE IT RESOLVED

1. That the Board of Christian Social Concerns of The Methodist Church make known the Methodist position as being unalterably opposed to gambling in any form, and,
2. That we urge all Methodists, and all other concerned citizens and groups to register their opposition to any renewed attempts to legalize gambling, and,
3. That we call upon the Legislature to defeat all efforts to legalize gambling in this state.

RESOLUTION ON OAHU PRISON SITE

WHEREAS, The Methodist Church believes that most prisoners can and should be rehabilitated, and,

WHEREAS, moving the site of the State Prison from Oahu to the Island of Maui would impede and undermine efforts toward rehabilitation by making it difficult or impossible for relatives to visit or for concerned agencies to properly perform their functions toward that end, and,

WHEREAS, the Interim Committee on a Prison Site has recommended the removal of the prison to Maui without adequate research and without concerning itself primarily with choosing a site selected for its advantages in encouraging rehabilitation, and,

WHEREAS, we believe this to be in direct opposition to the intent of The Second Legislature as adopted in HR 241 in May 1963 which requested the Governor to appoint a committee to "... determine the best site for the prison in terms of purpose, program, and physical plant ..."

THEREFORE, BE IT RESOLVED

1. That the Board of Christian Social Concerns of The Methodist Church in Hawaii urge the Third Legislature to defeat any effort to move the State Prison from Oahu, and,
2. That we urge the selection of a site on Oahu as rapidly as the necessary studies can be completed, and,
3. That construction begin as soon as possible because of the condition of the outmoded, overcrowded and aged structure which presently houses our prison population.

THE METHODIST CHURCH AND RACE

WHEREAS The Methodist Church encourages the involvement of every congregation in striving for equal opportunity for all persons regardless of racial or national origin or descent.

WHEREAS *The Discipline* states and includes the resolution, The Methodist Church and Race, paragraph number 1824 with such endorsements as the following:

Par. 1824 C. 1. "The fact that Methodist churches and churchmen have often failed to work for racial justice in the past does not relieve us from a present obligation to end racial injustice in society as well as in the Church. The minimum requirements for justice in the social order include the recognition of equal rights and opportunities for all races in voting, law enforcement, education, employment, housing, public accommodations, and cultural advantages. We support the passage and enforcement of laws appropriate to every level of government for the establishment and maintenance of equal rights in each of these areas of our common life."

WHEREAS individuals, both clergy and laity, groups of our community have taken courageous steps to witness to justice in civil rights.

WHEREAS CHARLES CAMPBELL, a layman of Harris Memorial Methodist Church, a member of the Hawaii Mission Board of Social Concerns, the Chairman of the Hawaii Civil Rights Conference, has demonstrated by accepting the invitation to participate in the March on Washington and the Selma March.

BE IT RESOLVED that we, the 60th Annual Meeting of the Methodist Church in Hawaii, commend Mr. Campbell, other Methodists, and fellow community citizens who have witnessed to civil rights justice by public demonstrations and other means, and urge all Methodists to become actively involved personally and financially in such programs as the Hawaii Civil Rights Conference.

RESOLUTION AS TO LOW-COST HOUSING FOR THE ELDERLY

THAT A STUDY BE MADE OF LOW-COST HOUSING FOR THE ELDERLY, CHURCH-SPONSORED AND RUN ON A NON-PROFIT BASIS; FURTHER THAT SUCH STUDY BE MADE BY A COMMITTEE TO BE APPOINTED BY THE BISHOP IN CONSULTATION WITH THE SUPERINTENDENT AND THAT THE COMMITTEE STUDY THE PROBLEM AND PRESENT A PLAN TO THE 1966 ANNUAL MEETING.

RESOLUTION ON VIET NAM

We urge that our government seek other means than military measures to find a solution in Viet Nam; that we place before the United Nations the responsibility

to find a peaceful solution to protect the independence of South Viet Nam. We urge that our government use all of its resources to channel economic and technological development which will help to create internal stability for the people of Viet Nam; to acknowledge our responsibility for the dignity of man.

We feel that any solution in this area must evolve from honest and open communication among all countries involved. We hope that our government will continue every effort in this direction.

RESOLUTION ON REAPPORTIONMENT

WHEREAS, the United States Supreme Court has ruled that all State Legislatures be apportioned on a one man-one vote basis; and,

WHEREAS, we believe that the "one man-one vote" principle is the essence of our democratic idea of government; and,

WHEREAS, the Third Legislature of the State of Hawaii has wrestled unsuccessfully with reapportionment for several months now; and,

WHEREAS, we appreciate the numerous complex issues connected therewith and that many of our legislators have labored long and responsibly even in failing to adopt an acceptable plan;

THEREFORE BE IT RESOLVED, that the Sixtieth Session of the Annual Meeting of The Methodist Church In Hawaii urge the Third Legislature to move with dispatch to effect a reapportionment of the State Senate consonant with the decision of the aforesaid United States Supreme Court.

REPORT OF THE BOARD OF CHURCH LOCATION & BUILDING

A Prime Minister of England, William E. Gladstone, once said that he could discuss the budget in the House of Commons like the tenth muse. I think you and I must admit that it takes an unusual man with an unusual gift to make figures, numbers, statistics and sometimes even money sound like poetry.

But when one is dealing with statistics which have to do with the extension of the work of the church—with securing of strategic building sites, repairing or rebuilding of worn out structures, erecting of new and first units in which little children, youths and adults may learn of the knowledge and love of God and in which the Good News can be proclaimed, then, even without Gladstone's poetic flare the report seems to break into heavenly doxologies.

The history of Methodism's program of church expansion dates back to May, 1739—216 years ago—when John Wesley purchased land in Bristol, England on which he erected "The New Room." Since then a variety of patterns was followed in starting new churches and the acquisition of sites on which to build program facilities.

In Hawaii, we again express our great debt of gratitude to the National Division, particularly to its Section of Church Extension, and to the many churches and individuals who, by way of Advance Special contributions, have made possible the progress herein reported.

It falls upon me as chairman of the Board of Church Location and Building to review our Church's accomplishments in Hawaii in these areas during the past year.

I. REVIEW OF PROJECTS

A. Island of Oahu

1. AIEA.

A feasibility study to investigate certain factors relating to the present location was authorized last March. The objectives of the study were:

- a) To determine whether the conditions of the site will support the growing church demands of an expanding community.
- b) To determine what influence the evolving General Plan will have on the expected growth of Aiea and of other towns in the Central Oahu region.
- c) To determine how the imminent construction of the Inter-state Defense Highway will affect accessibility of the church.

The church, with concurrence of the Board, decided to remain in its present location.

The church is presently engaged in developing a new Master Plan of projected facilities, including a sanctuary, social hall, additional educational building(s) and a parking structure. These will be built in an incremental order with the first increment yet to be determined.

4. PORTABLE SANCTUARY

Through a grant from the National Division, the Board has pioneered in the design and construction of a portable sanctuary in the state of Hawaii. Architects Gerald L. Allison, Paul D. Jones and Roy Tanji have pooled their talents in creating this one, with Mr. Allison as the chief architect. The unit is under construction by Stadium Carpenter Shop and will first be used by Ewa Beach Methodist Church.

The seating capacity will be one hundred persons. It is to be a dismantlable prefabricated structure capable of being dismantled into flat panels and transported to any other desired location.

Construction cost and fees — By Division Grant \$18,744.00

Expected completion date July 1, 1965.

5. KAHUKU

Perhaps the biggest undertaking of any "do-it-yourself" projects by Methodists in Hawaii was completed by the members and friends of Kahuku Church last April. This modern church plant includes a sanctuary, lanai, classrooms, kitchen.

Members, friends—neighbors, servicemen, led by the Reverend Jack C. Smith "pitched in" to erect what many have said to be "better than a professionally contracted job."

Not only did the church contribute the many man hours of volunteer service but it carried almost two-thirds of the actual dollar cost of construction.

The property at Kahuku today is valued at \$100,000. This is primarily for the buildings since the land is a leasehold.

A National Division grant of \$32,000 (including—furnishings) has been authorized for this purchase.

III. FINANCIAL PROGRAM

The Board is fully aware of the magnitude of our many problems as well as the great challenge facing Hawaii's Methodism in church extension. Truly, "we build today for tomorrow."

In order for us to meet this challenge it is necessary to have funds available. The National Division has been more than generous to us. Many churches and Annual Conferences across the connection have responded magnificently to the sup-

port of our expanding needs. But, for these faithful friends and their sacrificial giving we would not be where we are today. To think of these contributions to further the goals of Church Extension is "to think with thanks."

In order that we may express our appreciation in a more positive way, the Board urges that The Methodist Church in Hawaii take a close and prayerful look at the needs not only in Hawaii, but throughout the connection. And if a capital fund campaign can be initiated locally we can be confident that the total needs of the whole Church will have been assisted. Indeed a dollar raised here is a dollar released to meet demands elsewhere.

RECOMMENDATION

Wherefore, the Board of Church Location and Building recommends that the appropriate agencies of The Methodist Church in Hawaii, in consultation with the National Division of the Board of Missions, seriously explore the feasibility of a Mission-wide Capital Fund Campaign for the purpose of establishing a fund for church extension in Hawaii, and report its findings and recommendations to the 61st Annual Meeting.

We feel certain that the people of our churches will respond as concerned Christians.

APPRECIATION

This report would not be complete without a word of grateful appreciation for the continuing interest, support and counsel of the National Division of the Board of Missions of The Methodist Church. We are deeply appreciative for their cooperation and generosity in our common tasks in these Islands of the Pacific.

We express the mahalo nui loa of the churches of Hawaii for the donations and loans which have enabled us to advance and make this report possible.

A word of appreciation must go to the members of building committees and Boards of Trustees of the local churches for their faithful leadership and close attention to the planning, care and preservation of our buildings and other facilities in a manner befitting the holy uses to which they are dedicated.

REPORT OF THE BOARD OF EDUCATION

COMMITTEE ON CHILDREN'S WORK Helen Harder, Chairman

Twenty-two churches reported having held Vacation Church Schools in 1964. There were a total of 1,100 pupils in attendance. Two hundred forty-one adult workers were involved.

CAMP KAILANI COMMITTEE Hiroshi Minami, Chairman

The committee is in the process of developing a master plan for the Kailani Camp site in relation to the adjacent property that was acquired in 1964. The summer work team relocated the fence around the new property, and painted some of the buildings. A priority listing for capital improvements and maintenance work was developed. Maintenance is being done with whatever resources are available.

The committee recommended increasing fees for use of camp and the report was forwarded to the Committee on Camps and Conferences and the Board of Education for consideration.

FAMILY LIFE COMMITTEE Mabel Hoyle, Chairman

Family Life emphasis in the Methodist Churches of Hawaii was outstanding in May, 1964. Almost every church had some form of recognition of the week.

The Family Life Committee of the Board of Education sent a request to every Education Commission Chairman for a detailed report of their church's plans for Family Week. Although not all churches reported, those who did report give an indication of the variety of observances held:

SUMMER SERVICE PROJECT Sam Bishop

During the summer of 1964 the Mission Board of Education, in cooperation with the Methodist Student Movement in Nashville, Tennessee, sponsored a Work Team of volunteer Mainland college students in Hawaii. This group was composed of 10 students, 4 boys and 6 girls, with one adult counselor. They arrived on June 15 and were in the islands until August 15.

The first three weeks of their stay was spent working at Camp Kailani. They took down the redwood fence that separated the camp from the recently purchased adjacent property and rebuilt it around the new addition. They painted the outside of several of the buildings and the inside of the restrooms. The camp sign was also repainted and the roofs of all the buildings were cleaned off.

After their Camp Kailani work was completed the team split up; four of them went to the Big Island to work at Camp Mekokiko as counselors during its camping season while the others were assigned to work in various local churches on Oahu. This continued until the end of their stay.

One weekend while they were at Camp Kailani the team visited Kauai to become acquainted with our work there. The final week of their stay in August was spent visiting our work on the Big Island and Maui.

There will be no Summer Service Project in the Mission in 1965 sponsored by the Board of Education.

YOUTH COMMITTEE Sue Gardner, Chairman

The Youth Committee chose eight young persons to attend the National Convocation of M.Y.F. at Purdue, July, 1964. Those young persons who attended were Ellen Oda, Sandra Lee, Paddy Chun, Leon Siu, Gail Morimachi, Diane Matsuda, Dinah Smith, and Courtney Smith. Miss Ellen Oda was sent to the National Conference of M.Y.F. preceding the Convocation.

AUDIO-VISUAL COMMITTEE Mary Oh, Chairman

The office catalogue has been checked and revised with new listing of filmstrips. The revised listing has been mailed to the churches with catalogues.

A new 16mm RCA projector was purchased for \$450.00 with one year service contract of \$12.05.

The rental fee of the projector has been increased from 50¢ to \$1.00 to meet the rising costs of maintenance.

A brief sketch of the functions and accomplishments of TRAFCO was written in the Mission's monthly newsletter to arouse interest and concern of the National TV-Ministry Fund.

RECOMMENDATIONS:

Review comments of the new filmstrips be mailed periodically to the churches instead of the yearly basis.

SCHOLARSHIP COMMITTEE James McGiffin, Chairman

DIVISION SCHOLARSHIPS

The committee recommended that Ruth Terauchi, who is now a senior in high school would be okayed for a Division Scholarship of \$300. She is planning to enter either teaching or Christian Education work in the church and will likely attend the University of the Pacific.

Miss Ellen Oda of Kailua was also okayed for a Division Scholarship. It is not yet sure what her school will be. She is entering some type of Christian work, either as a Director of Christian Education or some other field.

It was recommended that the following persons be okayed for renewal of their Scholarships:

- Mrs. Warren McNeely (formerly Marjorie Billings) University of Puget Sound, in her third year.
Earl Lee, who is attending Southern Methodist University. He is in his third year.
Stephen J. Misajon, University of Puget Sound, third year.
Claire Smith, University of Hawaii, third year.
Dinah Smith, Duke University, has completed her first year.

CRUSADE SCHOLARSHIPS

It was recommended that Crusade Scholarships be granted to:

- Mr. Richard T. Kato, who is at present a secretary of the local YMCA. He desires to go on for further study.
Ray Okimoto desires to extend his Crusade Scholarship so he can complete his work for a doctorate degree. This was also recommended.

The cases of those students who have not responded to the scholarship grant last year were discussed. Harry Amelio Queja was supposed to have attended the University of Hawaii but did not show up. We understand that he is now attending Orange Coast College in Orange County, California, but is not to be granted the scholarship.

Miss Carol Saifuku who is now Mrs. Lucien Sprague is enrolled at the University of California, second year, and the committee recommends a renewal. Her address is 2022-A University Avenue, Berkeley, California.

CHRISTIAN VOCATIONS COMMITTEE Paul Calvin, Chairman

During the year materials on counseling for college attendance and the *Methodist Church-Related Vocation Service Project* booklet was sent to all the pastors, ministers of Christian Education and directors of Christian Education.

SUGGESTIONS FOR NEXT YEAR:

1. To conserve and cultivate and enrich those who have already made a decision—Small groups in geographical areas; also perhaps weekend retreat together (or perhaps use the Easter retreat time). Work with the Youth Council.
2. Work with the Summer Project Committee, the Superintendent, and others to develop an intern program in vocational opportunities. Other conferences on the Mainland have developed such programs.
3. Help High School Counselors by providing fresh materials in church-related vocations. This might be done through the Council of Churches.
4. Purchase A-Vs on the subject of vocations for Mission library and promote use of these A-Vs.
5. Encourage pastors to invite young people for personal interviews to discuss college, vocations, philosophy of Christian vocations, and church-related vocations.
6. Supply local church with samples of appropriate literature on vocations and the *Methodist Church-Related Vocations Service Project* booklet.
7. Explore possibilities of providing opportunities for adults to explore areas of church-related vocations in order to learn more about a particular job with the idea of perhaps changing to a church-related vocation.

LEADERSHIP EDUCATION COMMITTEE Mrs. Ester M. Kinch, Chairman

Bulk of the Leadership Education is carried on in a local church level by Directors of Christian Education, pastors, and laymen. This report only covers those programs designed to train leaders on a mission-wide basis.

1. Workshops
 - A. Vacation Church School and Summer opportunities:
Methodist churches on Oahu participated in the Honolulu Council of Churches Vacation Church School and Summer Opportunities Workshop in May.
On the Big Island a Vacation Church School Workshop was held in May. 27 workers and teachers attended with 5 leaders. Leadership was provided by ladies of the Hilo Church and the Director of Christian Education. On Maui, Rev. Ben Youngblood led in the Workshop for the Vacation Church School Workers.
 - B. Laboratory School:
A Laboratory School using the new curriculum material was held at the

Aiea Methodist Church, August 18-23. Immediately following the Laboratory Classes an overview of the new curriculum was presented in three places on the Island of Oahu using those in attendance at the Laboratory School to interpret the curriculum.

In the neighbor islands Rev. Ben Youngblood provided the leadership in introducing the new curriculum to the Children's Workers.

C. School for Christian Growth:

A School for Christian Growth for the Oahu Churches was held at First Methodist Church. Rev. David Twigg led in the opening devotions. For the first time Woman's Society of Christian Service Mission Study classes and The Board of Lay Activities Certified Lay Speaker's School were combined with the School for Christian Growth. Rev. Robert McCullagh was the dean.

ADULT WORK COMMITTEE Rev. Richard E. Northup, Chairman

It was reported at the 1964 Annual Meeting of The Hawaii Mission that Rev. Robert Clemmons from the Adult Department of the Board of Education, Nashville, conducted several Adult Workshops, one on each of the four islands, and that they met with good response. It was after these workshops that Rev. Clemmons made available to us his evaluations, recommendations and suggestions for more adequate adult education throughout Methodism in Hawaii. Some of the churches of the mission have since started adult classes and learning experiences.

The Adult Committee of the Board of Education of The Methodist Church in Hawaii has taken Rev. Clemmons' Report and worked on making it become a wedge in programming adult work in 1965. Most of the Adult Education work is reported under the Leadership Education Committee Report, so this report will not deal with it here.

There are a few things, however, that the Adult Committee of the Board of Education would like to propose for local churches to become concerned with during the remainder of 1965 and early part of 1966. The adult committee feels there is more to be done in guiding the local church in carrying out its ministry, not only to adults, but to older youth and young adults, as well. We know that young adults are a variety of folks from young marrieds to the swingers or "out" groups. To serve these young adults we must first locate them. The basic question might be, "Are we willing to work with the young adult who needs us? . . . or can we only justify dealing with them as potential church statistics?"

With the help of Mr. Walt Dulaney of the *Honolulu Advertiser* the Adult Committee has been made aware of the needs that exist in one large city in terms of young adults. He indicated that two out of three young adults could not list someone who cared about them as a friend; that $\frac{3}{4}$ of the young adults belonged to no organization or social club; and that only 1 out of 100 young adults have any relationship to a church. Mr. Dulaney felt that these same statistics could hold true for Honolulu, and surrounding communities of Hawaii as well.

Therefore the Adult Committee of the Board of Education would like to propose that churches through the mission in Hawaii do the following things:

1. Conduct a survey to discover the young adult world in Hawaii--and to identify needs as yet unmet.
2. Develop a program of adequate sex education as part of the church's service to its youth and their parents. (For example, few young men are given any meaningful education to understand the blandishments of the deviates they will certainly meet in a big city.)
3. Establish short term courses at times convenient to young adults to help them find answers to the problems that confront them.
Examples: Our place in the community
Humanity in an automated world
Sex outlets before marriage
Hawaiian Race Relations/ethnic sharing
Marriage Education
(these are merely suggestions)
4. Churches might join in establishing a counseling center, staffed in part by qualified laymen who would be willing to listen to a troubled young adult and give him help to find help. This to be supervised by a Night Ministry.
5. Cooperate in the publication of Comprehensive Directory to Community Resources for young adults.

In order for the churches throughout the mission to become more aware of the educational opportunities they might present to their community, the Adult Committee of the Board of Education will provide an Adult Workshop during the last week of August, the date to be announced later. This workshop will deal with reaching persons in need, curriculum resources and their utilization, adult programs that have worked, possibilities in adult education for each local church. The workshop will be for all concerned persons, professional and laymen.

Stronger Adult Work in Hawaii, through the various Methodist Churches will be possible if every local church becomes concerned that it is not doing enough.

COMMITTEE ON CAMPS AND CONFERENCES

The complexion of camping in Hawaii has changed considerably over the past several years; changes that have taken place all the way from Camp Committee Organization to the establishment of new types of camping. The Methodist Church in Hawaii is grateful for the "Wilderness" type camp that is now available on the Big Island, Camp Mekokiko, and the prospects of having a Junior High Hawaiian Heritage Camp at Camp Timberline.

The total camping program for Methodism in Hawaii is coordinated by the Committee on Camps and Conferences which is under direction of the Board of Education of the Methodist Church in Hawaii. Under the Committee on Camps and Conferences there are four camp committees: Hawaii Camp Committee, Kauai Camp Committee, Maui Camp Committee and Oahu Camp Committee. It is through this organizational structure that we hope to give greater meaning to camping throughout the state.

A long range building program for all camp sites is underway with many things already accomplished. The master plan for Camp Kailani for example, now includes development of new land which has already been secured. A Summer work team from the mainland spent many days relocating and painting the fence around this property, as well as repainted some of the existing buildings.

The Camp Mekokiko development committee has had approval to build tent platforms, showers, and K.P. Tables, along with repairing several items that will mean better camping for 1965.

As we look back over the 1964 camping program we see close to 400 youths who took part in some camp. This is an increase in camp participation over a year ago, and prospects for an even larger participation in 1965 looks mighty good.

For the first time on the Big Island, four weeks of camping were held. One week of Senior MYF, two for Intermediates and one for Junior. During these four weeks they had 62 campers with 32 leaders. The Lahaina Church took their Intermediates to Camp Mekokiko for the first time, with 12 campers and two leaders.

A two-day on-site training period for leaders was held before the camping schedule opened with 14 leaders attending.

Camp Mekokiko Camping Schedule for 1965 is:

- July 21-23 — Camp Staff Training
- July 26-31 — Senior-Intermediate MYF
- August 2-7 — Intermediate MYF
- August 9-16 — Junior

Camp Kokee on Kauai needs many improvements if it is to provide the kind of camping facilities that will produce good camping experiences. The kitchen needs to be enlarged, a good adequate cookstove needs to be acquired, some platforms and tents, and possible renovation of the storage shed to provide shelter for groups in case of rain.

It is felt that someday the cost of transportation to Kauai will be low enough for youths to have an opportunity to do some "real, honest to goodness" camping, where they can roam the woods and enjoy the cool fresh air of Kokee.

"Kauai is already a magic world for the people of the state as a vacation spot and this carries over to their youngsters," says the Rev. Orlando Chapman, of the Kekaha Methodist Church. He also believes that "The day will come when Kokee Methodist Camp will be in use all summer and part of the winter."

There will be a Junior Camp held at Kokee, July 5-9.

The Committee on Camps and Conferences and the Board of Education has approved changes in camp use fees as well as fees for the summer camps. With these changes it will mean that soon our camping programs throughout the state will be self-supporting.

The Summer Camping Program and camp costs for 1965 are as follows:

Junior camps, for those entering grades 5 & 6: Cost \$16.50

#1 July 5 to 9; #2 August 9 to 13;

Christian Adventure Camps, for those entering grades 7, 8, 9: Cost \$17.50

#1 June 28 to July 3; #2 August 2 to 7;

Middler Camp at Timberline, for those entering 9th and 10th grades: Cost \$25.00
August 23 to 28;

Senior Older Youth Work Camp: Cost \$10.00

June 21 to 26;

Senior Institute, for all Senior High MYF youth: Cost \$19.50

August 15 to 21.

Camping, 1965 looks like an exciting time for Methodists throughout Hawaii. The Committee on Camps and Conferences of The Methodist Church in Hawaii certainly hopes so!

RECOMMENDATIONS TO THE 60th ANNUAL MEETING FROM BOARD OF EDUCATION

1. We recommend that Church School Rally Day be set for Sunday, September 26, 1965, to coincide with the beginning of Christian Education Week, with a special offering to be received for the Mission Christian Education program.
2. We recommend that one or two one-day conferences for youths be planned in 1965 to present the philosophy of Christian vocation and to provide information concerning opportunities in Church related vocations.
3. In view of the increased need for young adult ministry, especially in Honolulu, we recommend that the Adult Committee of the Board of Education be instructed to explore the possibility of creating in the Mission a position of a young adult worker. We further recommend that \$200.00 which has been cut from the Adult Work Committee budget be restored.
4. In view of the small response due to lack of information, we recommend that a more concentrated publicity on TRAFCO be given in the local churches in order to incite more generous giving from the Hawaii Mission.
5. We recommend that the Commission on World Service and Finance be instructed to hold a budget hearing before the proposed Benevolence Budget is drawn up, and request the presence of the representatives from the various boards and agencies.

Christians are people who have experienced the joy and the peace of a fresh start, of having their broken, guilty, unhappy lives put together again through God's grace. Nobody can keep such news to himself. Thus God has entrusted to us "the message of reconciliation." We must share this message with others. This is the real task of the church. The particular task of Christian education is to communicate this good news of God through teaching. To aid the local churches toward a more effective teaching ministering has been the aim of the Board of Education. The work of the Board of Education is no more and no less than the committees which comprise the Board. So this is our report to you for 1964.

Respectfully submitted,

Harry Y. Pak, Chairman

REPORT OF THE EXECUTIVE SECRETARY, BOARD OF EDUCATION

The introduction of Christian Studies for Methodist Children proved the most exciting and far reaching event of the year, 1964. Preparation for the September date over the past two years had been extensive, but the arrival of the new materials gave proof that we had not exerted any vain efforts on its behalf.

Enthusiastic reception has been as nearly unanimous as could be hoped for under any circumstances. And the ten churches of Hawaii participating in the Curriculum Research evaluation project have been, and will be, helpful in keeping us alert to the development of new insights across the church as we move into routine usage. It should encourage a greater concern on the part of both professional and lay persons in the church to see that the job of Christian Education gets the best the church has to offer in its nurture of those who come and go through its doors, whatever their age or orientation.

The arrival of several new persons with keen interest in Christian Education has been a significant event of the year. More intensive leadership and training enterprises have been obvious results of such stimulation. The deep concern for more meaningful Confirmation classes and a growing sense of need for giving new adult members a better foundation for their commitment will help us move under the mandate of the 1964 General Conference. We have no choice but to make the acceptance of church membership a vital commitment to the responsibility implied.

The work of summer assistants in local churches has sounded a prologue to something that can go a long way in stimulating our Hawaii young people to become more creatively involved in the vocational life of the church. Such opportunities need to be expanded.

Work Teams, whether from home or abroad, bring their thrills along with their problems. Should we not be cautious that the weight of the problems not be allowed to blind us to the more long-range values, lest we too easily turn away those who seek honestly to serve?

This touches only lightly the many facets of the work to be done. We have but to look at the limits within which we presently labor—and those of common heritage who labor with us—to know that the greater part of our community is as yet untouched and unconcerned. We need, therefore, to strengthen our respect for each other in our common bond of fellowship.

REPORT OF THE BOARD OF DIRECTORS OF THE WESLEY FOUNDATION

"The purpose of the Wesley Foundation on the college campus is to deepen, enrich, and mature the Christian faith of the men and women who are there, recognizing that special disciplines are required in the vocation of being a Christian student. There is the discipline of study, the discipline of thinking, the discipline of prayer, the discipline of serving."

The Wesley Foundation at the University of Hawaii endeavors to live up to this purpose! Because of the make-up of the University of Hawaii student body, which now includes nearly 10,000 degree candidates, Wesley Foundation programming must be dynamic, yet relative, so that each student that comes in contact with the Foundation will be helped to relate the Christian doctrine to all of life.

1964 was an eventful year under the leadership of Winifred Ching and Ronald Lau, and Jon Anderson and Sue Burns, president and vice president during the Spring and Fall semesters respectively, and the director, Robert McCullagh.

Activities have included discussion groups, guest speakers, worship services, socials, money-raising events, service projects, and participation in campus programs. Supper and discussion meetings were held on nearly every Friday evening during the school year. A number of evenings were devoted to aspects of man's search for meaning; meetings dealing with contemporary drama and films elicited the most enthusiastic response from the students. While the topics and speakers were felt to be among the finest ever presented, participation by the students tended to be less than in previous years. Attendance at Tuesday noon worship also declined. Numbers may or may not be of great significance, however we are concerned with this trend. Possibly the decline of interest in extra-curricular activities and the increasing demands of university courses are contributing factors. We are endeavoring to find the causes.

Wesley joined with the Episcopal student group for a semester-break retreat in January. Over fifty students had a meaningful experience in discussion, relaxation and recreation.

Five students participated in Methodist Student Movement conferences. Faye Akamine, Wesley; Sue Burns, Christ Church; and Spencer Mukai, Palolo; attended the M.S.M. regional conference the end of the summer at the University of the Pacific, Stockton, California. Linda Loo, Honolulu First, and Kathleen Sugiyama, Wesley, attended the eighth quadrennial conference at Lincoln, Nebraska in December. Although separated from the Methodist Student Movement on the mainland, we have been represented by these students.

During the portion of the summer, members of the National Methodist Student Movement Hawaii Service Team were housed in part of the Foundation facilities.

This proved convenient for the team and contributed to the effectiveness of their study program.

The Program Committee of the Board of Directors has been studying the needs of students while on campus, hoping to discover ideas that will meet these needs now and in the years ahead. This committee has been working toward creating stronger and better relations with churches throughout the Mission, in hopes of reaching students early and in meeting their needs when they first arrive on campus. It has been proposed that the director and a student visit the neighbor islands each year to meet with youths to interpret college life and the Wesley Foundation to them. The Student Council plans to make available to MYF's on Oahu a panel on college life and will invite all Oahu high school MYF's to the University for a day on campus. It is important to give the prospective college student an on the spot contact with college life.

The Board of Directors has investigated the internship program of the Department of College and University Religious Life of the General Board of Education. Under this program, a seminary middler serves an intern year at a Wesley Foundation providing the student an opportunity to test his interest in and aptitudes for the campus ministry, as well as adding ministerial help to the Wesley Foundation. Due to budget limitations in the General Board of Education, this will not be possible during the 1965-66 school year, however, application will be made for the 1966-67 program.

Boards of Directors always seem to be concerned with the financial support of their organization; our Board is no exception! We are amazed when we see some of the contributions. More than \$10,000 has been received since the inception of the Wesley Foundation Scholarship Fund in 1959. We wish to thank the Pasadena Methodist Foundation for its generous contribution of \$1,000 in 1964, as well as churches and individuals in Texas and Hawaii who have directed gifts to this Fund. Since 1959, the Scholarship Committee has administered a total of \$8,350 to twenty-seven students. Students receiving grants during 1964 were: Nola Buffins, Harris; Karen Ginoza, Lahaina; James Hayashi, Aiea; R. T. Isip, Aldersgate; Colleen Kimura, Christ Church; Ronald Lau, Honolulu First; Sandra Lee, Christ Church; Robert Mansfield, Honolulu First; Courtney Smith, Kahuku; Jane Tomita, Parker; Reny Van Rouveroy, Parker; and Mildred Willis, Wahiawa.

We appreciate the funds received from the Division of National Missions for director's salary support and car expenses, and for some \$900 for repairs and improvements to the director's residence and the custodian's residence.

We appreciate the continued support of Noel Memorial Methodist Church, Shreveport, Louisiana, and Simpson Methodist Church, Fort Wayne, Indiana, which is designated for the director's salary.

We appreciate the nearly fifty cents per member from apportionments from churches in the Hawaii Mission for our current expense budget.

The cooperation of the Board of Directors, the Student Council, the Director, and the leadership of the Mission and the church at large are necessary for a successful year. We have sensed such a spirit as the church has continued to develop a ministry to the University of Hawaii.

The Board of Directors has appreciated the loyalty and dedication of the director, Bob McCullagh, who is entrusted the task of running the Foundation which includes many roles: financial overseer, project manager, building superintendent, mimeograph operator, counselor, program advisor, minister, and friend.

Respectfully submitted,

RICHARD E. NORTHUP,
Chairman, Board of Directors

REPORT OF THE BOARD OF EVANGELISM

"The aim of evangelism is to bring all men into living, active fellowship with God through Jesus Christ as divine Savior and through the regenerating power of the Holy Spirit; to gather them into the fellowship of the church; to lead them to express their Christian discipleship in every area of human life that the Kingdom of God may be realized." (*Discipline of the Methodist Church*) This is our task succinctly stated. It has been the attempt of the Board this year to implement this concept of evangelism as we see it in the life of the Methodist Church in Hawaii.

Our plans were not grandiose and our accomplishments were not great. We have attempted to be faithful to our task. The members of the Board have been most faithful in the attendance at meetings and in the carrying out of assigned responsibilities. What has been done has been the work of the Board and our failures have been the responsibility of that body. Needless to say, no program of the Board could have succeeded without the cooperation of the local churches and the support of all ministers. In final analysis, the Board can neither usurp the authority of the local congregation in terms of program nor demand performance of the local minister in cooperative endeavor. We have attempted to encourage and assist in evangelism wherever possible.

The Board has been able to either lead or assist in the implementing of new approaches to evangelism by the Methodist Church over the past year. We made our first attempt at unconventional evangelism at Haleiwa Beach over Labor Day weekend with the showing of a Billy Graham film. Efforts to use the public park were thwarted by the City and County so we circumvented this intervention by renting a private area adjoining the park. This was a pilot project, received with enthusiasm, and a method that holds considerable promise as a new avenue of confronting people with the Christian message. It is hoped this program can be expanded during the coming summer months when the beaches are crowded with summer vacationers.

Our Methodist witness took on a new dimension with the addition of a weekly Japanese language radio program by the Rev. Taiji Takahashi. The Board investigated the possibility of such a program and considered its feasibility and we commend Harris Church for undertaking this radio ministry. We feel it is significant that the church is making effective use of this communication media to reach out with the Gospel to homes and businesses of a considerable segment of our island population.

To assist churches with information of new residents to their respective communities, the Cross Reference Directory of telephone listings is provided as a tool of evangelism. Some churches are making very effective use of this Directory. We encourage other churches to do likewise.

We have witnessed the active pursuit of a relevant neighborhood ministry by several churches. We call on each church to render an effective ministry to its immediate neighborhood and to become significantly related to its surrounding environment. We heartily endorse the effective neighborhood programs already undertaken and encourage each local church to evaluate its program of Christian concern for those in its immediate area.

The eminent Australian churchman and evangelist, Dr. Alan Walker, paid us a visit on his return to his homeland following a preaching mission on the mainland. We were inspired by his presentation and encouraged by his counsel.

The Board saw fit to endorse the Billy Graham Crusade in Hawaii, the greatest attempt at mass evangelism ever undertaken in these islands. Several ministers and laymen were significantly involved. The lasting effect of the Crusade cannot be determined at this time.

The major disappointment of our program of evangelism over the past year was the necessary postponement of our Spiritual Life Retreat. This was projected as a major project of our evangelistic thrust but circumstances brought about its delay. It is hoped this retreat can be accomplished during the forthcoming conference year.

The family as a unit has long been neglected in the evangelistic efforts of the church. We commend the General Board of Evangelism in the creation of a Department of Family Evangelism with the hopes it can provide creative leadership in the reaching of families as a unit for the church.

With the rapidly expanding population in Hawaii, it is imperative that we move out significantly to witness for Christ and His Church. We can no longer depend on old methodology to be a relevant tool in a space age. Neither can we depend upon a General or Conference Board to set the pace. It behooves each church, its minister and laity, to develop new and vital means of evangelism if we are to offer an effective ministry to these islands. We must move out fearlessly with unique and unconventional methods or else we shall be left behind in our attempt to relate meaningfully to our day and generation. The task of evangelism belongs to every Christian and corporately to the church. We cannot afford to abdicate this responsibility where the need for our witness is so great. We live under the compulsion of the Great Commission and cannot escape its implications. We call on all Methodists in Hawaii to make this commission from Christ their trumpet call for action.

MASON M. WILLIS, Chairman

MID-YEAR REPORT

The 1964 Mid-Year meeting of the personnel of The Methodist Church in Hawaii was held at Camp Kailani from July 20-24, 1964. In attendance were 70 youths and 86 adults. A number of adults commuted to the meetings.

Housing has become a serious consideration. Total attendance this past year represented an increase of 43 persons. The number of mission personnel is growing faster than the camp facilities.

Dr. John B. Cobb, of the School of Theology at Claremont, was the guest speaker. His topic was "Spirit: Human and Divine." Dr. Cobb quickly identified himself with us by his quick wit and helping hand.

Morning devotions were led by our own personnel: Dave Harada, Joan Takara, and Richard Acosta. We found this an excellent way to get acquainted with Joan and Richard, two newcomers.

Some of the positive values of Mid-Year were the theological insight brought by Dr. Cobb, the renewing and establishing friendships with neighbor island personnel, and *really* getting to know each other because of the crowded conditions. The free time each afternoon was popular again this year. Another feature that was well received was the free evening.

The committee wishes to thank the following: the U.S. Army, Schofield Barracks, for the use of two large tents and thirty cots; Pohai Nani, for the use of silverware and blankets; Rei Masada, the cook, and her helpers; and the Jack Kimuras, caretakers.

Respectfully submitted,

ARTHUR B. MIX, Chairman,
Mid-Year 1964

REPORT OF THE BOARD OF MISSIONS

Activities of 1964

"The supreme aim of missions is to make the Lord Jesus Christ known to all peoples in all lands as their divine Saviour, to persuade them to become His disciples, and to gather these disciples into Christian churches; to enlist them in the building of the Kingdom of God; to cooperate with these churches; to promote world Christian fellowship; and to bring to bear on all human life the spirit and principles of Christ." (*Methodist Discipline*)

CHURCH EXTENSION:

A new area of study and outreach was the first order of business for your Board of Missions as the year began. We organized a committee on Church Extension to serve the mission by studying the various communities and projecting the time and conditions for establishing new work. A two day joint conference was held in May with the Board of Church Location and Building. This was under the leadership of Dr. Harry S. Komuro. This conference was followed by several months of study and planning. The committee on church extension worked with the Honolulu Council of Churches in setting up the Cooperative Church Planning Conference of January 1965. At this conference developers met with churchmen of the larger protestant denominations in setting down the criteria for the physical aspects of church extension. Out of the conferences, the study, and the planning have come recommendations, which others have taken up, and three new Methodist Churches will be established in the months following this Annual Meeting.

One of these churches will be in the growing and isolated (by deep gulches) central Maui subdivision located between Wailuku and Kahalui. One of the churches will be located in the bulging off-spring of Kailua, Enchanted Lakes Subdivision. The third will be located high on the slopes of the Koolaus near Pearl City, in the geographically separated community of Pacific Palisades.

PROMOTION AND EDUCATION:

Conferences have also been attended and offered as a means of promoting missionary projects. Our missionary secretary attended the Missionary Education Conference at San Diego in August, 1964. Information received there became the basis for workshops in the churches of Kauai and Oahu.

It was my privilege to attend the regional set-up meeting for program of the 1964-68 quadrennium, held in San Francisco by the Board of Missions. The information received there has changed a number of the approaches to their task taken by this board.

Rev. Richard Acosta, who joined the Hawaii Mission staff from Puerto Rico, was itinerated throughout the islands in January and February 1965, to give leadership on the year's study theme, "Spanish Speaking Americans." He spoke and showed slides of the Methodist work in Puerto Rico in a total of thirteen churches.

There have been opportunities to work with others this year. We appreciate the opportunity afforded just two month's ago to train persons for Commission on Missions work as part of the workshop sponsored by the Lay Board. We are thankful

for the occasions when we have been able to join with the Honolulu Council of Churches department of missions to hear a missionary speaker or to join in a missions training experience on an ecumenical basis.

We anticipate, with great pleasure, the coming of a real missionary education conference to Hawaii in August of this year. Called the "Hawaii Conference on Missions" it will be jointly sponsored by an interdenominational board here (chaired by Rev. Royal Marty) and the board of the Pacific Coast Regional Missionary Education Conferences on the west coast. Featuring top people, dealing in depth with the theme "Mission—the Christians Calling", it promises to be a fruitful conference.

"VOICES OF HAWAII"

During our presentation to the conference this year, you will hear excerpts from the recording, "Voices of Hawaii", which has been produced by your direction, under the guidance of the Rev. Emory Roberts and his committee. It is our hope that Methodists across the state will purchase this monaural record and that tourists from everywhere will buy it and share it with fellow Methodists from Maine to Florida to California. We trust it will also become a much used gift item by Methodists here.

CHANGES IN ORGANIZATION AND PROGRAM:

The General Board of Missions has been restructured since we last met. There is now a real unity of action and program between the former Woman's, World and National Divisions. The woman's work has been incorporated into the new National and World Divisions. In keeping with this unity it is my hope to attend the Woman's Society of Christian Service Regional Meeting in Denver, Colorado, next month to be accredited for the course "Mission—The Christian's Calling."

In this way the Board of Missions can offer direct help to the Woman's Society of Christian Service here in Hawaii in their School of Christian Missions to be held at Camp Kailani, July 19-22. The mornings will be regular class sessions but the evenings have been specially programmed to be of real interest to lay men and women of the churches who are not free to attend the morning sessions. In this way we will provide for Methodists of all the churches (on Oahu at least) an opportunity for more information and motivation in the field of Christian Missions.

We have found the expanded functions of the Board useful this past year and anticipate greater usefulness during this coming year as we approach the organizational standard set forth in the discipline. Toward this end a chairman of Urban Work has been named (Rev. James Swenson), and a chairman for the promotion of M.C.O.R. (Mrs. Evelyn Laugaugh). It is our hope to be increasingly effective in promoting the wholeness of the mission of The Methodist Church in Hawaii.

MISSIONARY GIVING:

We rejoice in the \$4,834.00 raised for the Samoan Ministry in 1964. This fell short of our needs by \$543.00. Increased needs, and a regular standard of salary and expenses for our Samoan brother will boost the cost this year to \$7,300.00. Every church in the mission needs to reach out and help. This is the child of our love and concern in Christ. It cannot become a foster child that we might accept or reject according to our convenience. It is truly flesh of our flesh and bone of our bone. In the rising of this congregation we all rise, in its falling it will be us that fall.

Hawaii responded to the needs of Alaska in their great sorrow last year with a gift of \$2,509.19. For this we give thanks. We responded to the special offering taken for work in the Dominican Republic with an amount of \$529.71. Our listed specials of Southern Rhodesia received \$179.60, and Middleton House, Puerto Rico \$231.05. It was a good year in mission giving—but when we truly love God we need always ask, "Is *good* enough?"

CONCLUSION:

We have great opportunities to serve in these days. It is no longer true that Hawaii is a mission, in the sense that others must take care of our needs. We are able to care for our own needs now, and we are becoming increasingly aware that this is true. We also need to recognize that we are a church in mission. This means we seek not only to reach our island neighbors for Christ, but also that we seek "to promote world Christian Fellowship and bring to bear on all human life the spirit and the principles of Christ."

RICHARD H. PETERSON, Chairman

2. We recommend the establishment of Methodist work in the following areas:
Central Maui (between Wailuku & Kahalui) •Maui
Enchanted Lakes Subdivision •Oahu
Pacific Palisades Subdivision •Oahu
3. We recommend that The Methodist Church in Hawaii more adequately support the total Ministry at Aldersgate Methodist Church. To this end we recommend that *each church accept and fulfill an Advance Special for this cause in an amount not less than \$1.10 per member.*
4. We recommend that The Methodist churches in Hawaii each accept an Advance Special in each of the following areas (in addition to the Samoan Ministry):
 1. World Missions
 2. National Missions
 3. Methodist Committee on Overseas ReliefWe have attached a suggested list of projects to the report of this Board. The choice, however, is not limited to these.
5. We request a night at the 61st Annual Meeting of the Methodist Church in Hawaii for the observance of a "night of missions."
6. We recommend that the Methodist Church in Hawaii recognize and endorse the 1965 Hawaii Conference on Missions, (August 2-6), and give it full support.
7. We strongly recommend that the Board of Christian Social Concerns and the Board of Missions be given a clear calendar early in 1966 in order to sponsor a meaningful conference on Peace and Disarmament.

COMMENDATION FOR RECORD COMMITTEE

Because there was a real need to capture the multi-cultural contributions of various Methodists in Hawaii and preserve them for the future and because the record committee of the Board of Missions has labored long and carefully to produce a recording which meets this need through speech and music, the Board of Missions The Methodist Church in Hawaii take this opportunity to commend the record committee (Rev. Emery Roberts, Chairman; Dr. Frank Butterworth, Mrs. Russell Lanbaugh, Rev. James Misajon, Robert Reed, and James Komuro) and the choirs and other persons who took part in the production of "Voices of Hawaii."

A Mahalo Nui Nui Loa for an excellent piece of work.

REPORT OF THE BOARD OF PENSIONS

The Board of Pensions is charged with the responsibility of administering the on-going programs of the Pension, Death Benefit and Hospitalization and Medical Expense Plans for workers currently serving in Hawaii, as well as the delightful responsibility of representing the Annual Meeting in concern for the comfort and well-being of our claimants. Few will probably realize that beginning July 1 this year 351 years of dedicated service to the Church in Hawaii is represented in records of retired ministers and widows who in Methodist parlance are called "Conference Claimants."

These claimants now reside in various parts of the world—Hawaii, Mainland, U.S.A., Philippines, Japan. They include retired ministers, widows and children.

The General Board of Pensions of The Methodist Church, with offices in Evanston, Illinois, handles the record keeping and disbursing responsibilities for all our Conference claimants. We keep the service records of years of service and mail out the monthly annuity payments.

We are pleased to report that the General Board has efficiently and carefully invested the pension funds paid in each month by active workers for the Ministers Reserve Pension Plan. In consultation with the actuarial firms the Board is constantly alert to ways and means of improving the various plans and thus the benefits.

I HOSPITALIZATION AND MEDICAL CARE

The Board continues to feel that the present plan under the Hawaii Medical Service Association provides the best possible care for our workers among plans currently available in Hawaii.

II DEATH BENEFIT PROGRAM

The program for Hawaii is based on the plan adopted by the Southern California-Arizona Conference in which the member pays 7/10 of 1% of his cash salary and the Conference providing the balance that is needed to cover the annual premium.

The Board is pleased to report that the National Division has agreed to pay the balance of the premium chargeable to workers enrolled in the program, but are not members of the Southern California-Arizona Conference. The Conference pays for this portion for its members.

For the year 1965-66 the annual assessment will most likely be \$71.85 (this being the average salary in the SCARIZ Conference) per member, with worker paying 7/10 of 1% of his cash salary and the National Division and the Southern California-Arizona covering the balance as the case may be.

III RECOMMENDATIONS

RECOMMENDATION NO. 1

That an addition of \$1500 be added to the amount requested under Apportionment for the Mission's share of the contributions toward the pension plan for the year 1965-66. This additional amount together with an estimated \$600 from dividends to be declared by the Methodist Publishing House, is to cover the cost of funding the new workers to be added to the staff July 1, 1965, as well as the additional pension responsibility for the two retirees who have a total of 80 years.

The Board wishes to point out that the total of \$10,000 being requested represents approximately one-third of our commitment under the program for the year 1965-66. The National Division and the General Board of Pensions each share one-third.

RECOMMENDATION No. 2

1. That the Board of Pensions be authorized, in consultation with the Commission on World Service & Finance, National Division of the Board of Missions and the General Board of Pensions to study and evaluate the pension program for ministers and other workers of The Methodist Church in Hawaii, and to report its findings and recommendations to the 61st Annual Meeting.

2. Such a study shall consider, among other factors, the possibility of transferring in full to the Ministers Reserve Pension Fund the annuity responsibility under the Conference Claimant System for all service in Hawaii Mission up to June 1, 1966 of members in effective relation, retired members and widows.

RECOMMENDATION No. 3

That the enrollment of Glen R. Murray, a layman, serving as full-time Director of Christian Education at Palolo Community Methodist Church, in the Ministers Reserve Pension Fund be approved effective July 1, 1964.

RECOMMENDATION No. 4

That those workers who desire it may have the privilege of payroll deductions for the express purpose of payment of Social Security taxes.

That the Treasurer of The Methodist Church in Hawaii shall promulgate such procedures as will facilitate this practice effective June 1, 1965.

RECOMMENDATION No. 5

That the article in the recent Hawaii Methodist News, concerning the two retirees, Rev. J. R. Runes and Rev. S. G. Afalla, after proper editing be inserted in the official proceedings of the 60th Annual Meeting.

IV RETIREES

Today we honor two veterans of The Methodist Church in Hawaii. Between the Reverends Jacinto R. Runes and Serapio G. Afalla—80 years of dedicated and sacrificial service is to be recorded in grateful appreciation. These men together with their wives have labored long and hard across these islands of "Paradise." Indeed, they have literally seen the Methodist Church grow!

We honor these now, together with their faithful wives, with the presentation of these pins which shall hereafter honorably identify them as "Retired Minister of The Methodist Church" and "Wife of a Retired Methodist Minister".

V APPRECIATION

A report of this Board would be incomplete without a word of appreciation to the staff and members of the National Division and the General Board of Pensions for their support in the care of our workers both active and retired.

The Board, this year, is particularly grateful for the presence of Dr. Irvin S. Motz, Director of the Ministers Reserve Pension Fund of the General Board of Pensions. We have appreciated his suggestions and wise guidance as the Board endeavored to evaluate the various plans now in effect here. He has been most helpful indeed.

REVEREND JACINTO R. RUNES AND REVEREND SERAPIO G. AFALLA (An article in the May 1965 issue of the Hawaii Methodist News)

Annual Meeting delegates will honor two veterans of The Methodist Church in Hawaii—the Reverends J. R. Runes and S. G. Afalla—who, between them, will have had 80 years of service by the end of the Conference Year. Each will receive a badge which identifies him as a "Retired Minister of The Methodist Church" while their wives will be presented pins identifying her as the wife of a retired Methodist minister.

Mr. Runes, born and educated in the Philippines, has had continuous service in Hawaii since 1923, when he was appointed pastor of the Honokaa Methodist Church on the Big Island. He was ordained an Elder by Bishop James C. Baker in 1927. From 1924 to 1960, he was the "circuit rider" for Filipino language congregations on Kauai. For two years, 1961-1962, he and Afalla exchanged circuits. He returned to the Big Island and also served the West Maui Circuit while Afalla went to the Garden Island. In 1963 Runes returned to Kauai to again serve East Kauai, Kaumakani and Kekaha until retirement.

Mrs. Runes, a Registered Nurse, took her training at St. Luke's Methodist Hospital in Manila, Philippines. She worked in hospitals on Oahu and Kauai.

The couple plans to continue to live on Kauai where they own a home. But frequent trips to visit children and grandchildren in the Philippines and the mainland are in the offing for these senior citizens.

S. G. Afalla has served churches on all the islands. After pastorates in Northern Philippines, he was appointed Missionary to Hawaii in 1927. He, too, was ordained by Bishop Baker as a member of the then California-Nevada Annual Conference in 1932.

From 1927 to 1929 he was pastor of Filipino Methodist Churches in Pahala and Naalehu on the Big Island. In 1935 he was appointed pastor of the Honokaa Methodist Church and remained there until 1950, when he returned to the Kau Circuit of Pahala and Naalehu.

The year 1951 was spent on a sabbatical at the Iliff School of Theology in Denver, Colorado. He returned the following year to Kau and remained there until the transfer to Kauai in 1960. Since 1963, he has been the Filipino Language Associate on Maui.

Mrs. Afalla is the former Dolores Jones who taught in public schools on the Big Island and Kauai. She is currently a Probation Officer for the County of Maui. The couple's fourteen-year-old daughter, Joyce, is a ninth grader in Lahaina.

Mr. Afalla plans to continue on a part time basis in the West Maui Circuit following retirement.

THE ANNUAL REPORT OF THE COMMISSION ON WORLD SERVICE AND FINANCE

The Commission on World Service and Finance has had a busy year discussing the finance of the Methodist Mission in Hawaii in terms of its allocation and procurement of the necessary funds for the different boards, commissions and agencies. It is difficult to please every group regarding its askings and at times frustrating to see whether we are doing that which is right, but let it be assured that we have tried to be fair in the light of what we hope to achieve.

Here are some of the activities of this commission which we have taken up during the year and things we recommend for the future.

MANDATORY OFFERINGS:

The siren blasts alerted the islands one evening at 9:30 p.m. of a tidal wave. Hawaii was spared. However the tidal wave struck Alaska in all its fury. It was Good Friday night, March 27th 1964. The Mission Office immediately called the chairman of this commission to take up a special offering on Easter morning. The members of this commission unanimously consented to having this appeal made, and Methodism in Hawaii responded with \$2,534.19 for the Alaska emergency.

The other offerings which are required by the Discipline came in as follows:

Race Relations (Disc. 250.3) , \$1,005.04
One Great Hour of Sharing (Disc. 760) , \$1,491.55
Methodist Student Day (Disc. 250.4) , \$819.53
Fellowship of Suffering and Service (Disc. 763) , \$1,097.13

AUTOMOBILE OWNERSHIP AND CAR ALLOWANCE:

After many years of discussion and dissension regarding the matters of the cars, at the Annual Meeting at Buck Hill Falls this year the National Division established a fund 'for certain pastors in Hawaii and Alaska to purchase their own automobiles'. 'Pastors' in this case is interpreted to mean all professional staff members. This Commission on World Service and Finance recommended to do away with all Division owned cars; therefore, those who have Division owned cars will convert to private ownership. The cut off date will be December 31, 1965. This sudden change may bring on financial difficulties; therefore, the National Division has established a fund enabling ministers to borrow from this fund on a reasonable loan interest to purchase their own cars. The provisions of this loan fund have been circulated.

This Commission has voted an increase in the minimum monthly allowance of personally owned cars to \$80.00. The amended paragraph 7 of the policy reads:

"The minimum monthly allowance shall be \$80.00, except where mileage is substantially less than one thousand miles per month, in which case the allowance shall be a mileage rate of not less than eight cents per mile, to be financed jointly by the local churches and the National Division."

HONOLULU COUNCIL OF CHURCHES:

The expanding need of the Honolulu Council of Churches for financial aid makes it mandatory that we keep the Council of Churches' support under the apportioned item, but we urge all of our churches to give over and above the apportioned amount. Rev. Seido Ogawa, the executive secretary and Rev. Lawrence S. Jones, president of the Council of Churches respectively, offered suggestions to the Commission on World Service and Finance. We hope that the churches will work toward a direct contribution to the Honolulu Council of Churches and by so supporting make each church a real part of the council.

WESLEY FOUNDATION:

In the past the Wesley Foundation treasury's unexpended fund at the end of the year was placed in the Mission contingency fund, however, we are reverting the unexpended fund to the Wesley Foundation's general treasury. We have set up a ratio by which the unexpended fund can be used in establishing a maintenance account for the upkeep of the Wesley Foundation facilities.

SAMOAN WORK AT ALDERSGATE:

Due to the nature and the appeal of the Samoan work in Honolulu as a missionary project, the Commission recommends that the Division of National Missions place this work under the Advance Specials project beginning January 1966. (See Recommendation #9)

STEWARDSHIP EMPHASIS PROGRAM:

The Annual Meeting last year proposed that the year '65 should be a Stewardship Emphasis year and for this Rev. Bill Buford was selected chairman of a special Stewardship Emphasis Committee to work out the program. In selecting a Mission wide program for emphasis in 1965 much care was exercised. We examined the current condition of the Mission—we reviewed our avowed goals and dreams—we saw where we were and contrasted that with where we wanted to be—and we came up with a program that would place the emphasis on the *Stewardship Of All Of Life*.

A special committee was set up under the Commission of World Service and Finance. Special seminars were set up on each Island where Methodist work is located. Dr. Kenneth Miller, Superintendent of the Whittier District of the Southern California-Arizona Annual Conference was brought in as guest leader for all these seminars. He was chairman of the previous year's emphasis of the Southern California-Arizona Conference.

Plans were made for the program of stewardship to be carried on in every Church during the Lenten season. Adult classes, youth groups, men and women's organizations, all would be challenged with the *Stewardship Of All Of Life*. May 2nd 1965 was selected as *Stewardship Decision Sunday*—a day when every Methodist would be asked to sign a Stewardship decision card and leave it on the altar of his Church.

Throughout the year we would like to have the whole Mission emphasize some phase of the stewardship program. In the months of June throughout August, a special emphasis will be made to remind the youth about Stewardship. Here are the other schedules:

September:

- Local Church Conference on Stewardship
- Island-wide Youth Rallies

October: — Month of Stewardship

- Laymen's Day — October 10th
- Minute man in the pulpit at each Sunday Service
- Stewardship dinners — show film "Will of Augusta Nash"
- Film Strip should be used — "Stewardship for Adult Christians"

November:

- Month of Every Member Visitation in every church in the Mission.

COMMENDATION:

This commission commends Hilo, Lahaina-Honolua Circuit, and Kilohana churches respectively, for attaining FULL PASTORAL SUPPORT beginning January 1965.

NOTATIONS

1. *World Service* apportionment is up by 20% from \$3000.00 to \$3600.00. This is in accordance with the general increase of 20% in the World Service budget for the 1964-1968 quadrennium voted by the General Conference last May.
2. *Board of Education* — Original request \$2465. This was reduced by deletion of \$200.00 requested for mainland travel. Board has accumulated \$300.00 in its "Travel Fund" plus \$100.00 in this year's budget for a total of \$400.00 available for travel. Amount being recommended will be augmented by the Rally Day offerings in 1964 which came up to \$619.00, making a total budget of \$2565.00 for 1965.
6. *Camp Kailani* — This amount is to augment "use fee" income, thus making it operationally self-supporting.
12. *General Administration Fund* — This is the new annual apportionment for the current quadrennium.
14. *Mutual Self-Support Fund* — (see Recommendation 2 of the Commission).
17. *Western Jurisdictional Conference Fund* — This is the new annual apportionment for the current quadrennium.
18. *Western Jurisdictional 1968 Conference - Hawaii Fund* — The first of similar askings for three years this quadrennium. The fund is to be used for hosting the Conference in 1968.
19. *Episcopal Fund* — Apportionment is 2% of "the total cash salaries paid to pastors and associate pastors serving charges under episcopal appointment or as supply pastors . . ."
22. *Interdenominational Cooperation Fund* — This is the new annual apportionment for the current quadrennium.
23. **TOTAL* — This is an increase of \$5,305 or 15.17% over the 1964 budget.

RECOMMENDATION 2

[Referred back to Commission on World Service & Finance by Conference action. See Daily Proceedings, Friday, May 7, 1965]

1. That a MUTUAL SELF-SUPPORT FUND be established as a separate asking for the purpose of (a) self-support of the Headquarters office and (b) grants-in-aid to qualifying churches for progress in the self-support program.
2. That the MUTUAL SELF-SUPPORT FUND shall be the sum equal to 3¼ percent of the cash salaries paid to the pastor or pastors, plus the cost of operating expenses of each charge throughout the Mission, except that for the year 1965 the assessments shall be \$7,200 (that amount being apportioned this year under the Apportionment Budget).
3. That the FUND shall be designated as follows:
 - a) Two-thirds to the self-support program of the Headquarters office.
 - b) One-third to provide an incentive fund to be proportionately distributed among those churches progressing toward self-support under Category 2 of the Self-Support Program.
 - c) The FUND shall continue to provide a percentage of the support as in (b) above, until such time as the Headquarters office becomes fully self-supporting and all the churches have attained Category 2 of the Self-Support Program.

IV. COMMENTS

RECOMMENDATION 4

1. That the Commission on World Service and Finance be authorized, in consultation with the National Division, to study and evaluate the structure and increment formula of the salary, and various allowance programs for appointed and professional personnel, and to make appropriate recommendations to the National Division as will provide for a more realistic compensation schedule for personnel of The Methodist Church in Hawaii.
2. Such a study shall take into consideration the factors relating to (a) present salary program which was last revised in 1961; (b) the new personnel appointment provisions or term arrangements; (c) cost of living index; (d) new automobile policy and (e) variants to be allowed for dependent children.

RECOMMENDATION 5

1. That the Commission on World Service and Finance be authorized to conduct a continuing study and evaluation of the allowances under the new car policy, and with the approval of the Annual Meeting and the National Division, to revise and effectuate such recommended car allowance schedule as will properly and adequately reimburse operators of personally-owned vehicles for the work of the church.

2. Such a study shall consider factors relating to (a) cost of investment; (b) fixed charges per mile including depreciation, insurance, license fees; (c) other items bearing on use and replacement of the worker's car to the extent he is required to drive it for the work of the church and (d) comparative allowances by other denominations and private and public agencies.

RECOMMENDATION 6

That the 60th Annual Meeting authorize the Commission on World Service and Finance in consultation with the Boards of Missions and Church Location and Building of The Methodist Church in Hawaii and the National Division of The Methodist Church, to explore the feasibility of a Mission-wide Building Fund Crusade for the purpose of establishing a fund for church extension projects in Hawaii and to report its finding and recommendations to the 61st Annual Meeting.

RECOMMENDATION 7

That The Methodist Church in Hawaii adopt the following three-fold program for achieving stature as a full participating member in the family of Methodism:

1. Complete self-support
2. Church extension fund in Hawaii
3. Full assumption of the World Service apportionment on an Annual Conference ratio rather than a Mission ratio.

RECOMMENDATION 8

1. That beginning with the current year the new fiscal period of The Methodist Church in Hawaii be from April 1 through March 31, with the first period being April 1, 1965 through March 31, 1966.
2. That the Statistician, Treasurer and Commission on World Service and Finance, in consultation with the National Division, and the Council on World Service and Finance, promulgate such rules as will effectuate an orderly and fiscally sound procedure of transition from the present calendar year fiscal period.

RECOMMENDATION 9

That beginning 1966 the support of the Samoan ministry at Aldersgate Church be financed through the regular budgeting procedure between the local church and the National Division. Further, it is suggested that due to the great appeal such a project has for missionary funds that it be placed as one of the Advance Special projects of the National Division across the connection.

REPORT OF INSTITUTIONS AND ORGANIZATIONS

GOODWILL INDUSTRIES OF HONOLULU, INC.

Goodwill Industries of Honolulu, Inc. has opened opportunities for rehabilitation and employment to ninety handicapped individuals in 1964. At the close of the year, there were fifty handicapped in employment. Of the forty that left Goodwill Industries, nine of them found work in the normal business world.

The total income for the year was \$104,000. Of this amount \$63,000 was paid in salaries and wages. The books were closed in the black for the third consecutive year.

All these were made possible by the generous contributions of repairable discards made by the homes. Ample work materials were collected to keep the handicapped people busy in the five shops. There were enough finished articles to complete more than 48,000 transactions over the cashier's counter.

Goodwill Industries of Honolulu can be compared to a boy in early adolescence. He cannot help but grow and in his growth, his needs increase in variety and in quantity. Goodwill Industries of Honolulu has come to a point where growth is normal and with this growth its needs have grown in numbers and great in quantity.

It has demonstrated that its program meets the needs of the community.

However, the excitement does not lie in the past but in the years to come. Here are some of the possibilities of development in the near future.

It is hoped that at the main branch on Nuuanu Avenue, the present workshops would be enlarged and two additional shops be added. To this improvement, a new program in vocational training be added under the direction of a qualified training director. This will provide greater services to the community.

A beginning of a workshop has been started at the Waimano Training School. Although it is only two months old, it has shown greater promise than anticipated. It is hoped that this will grow into a workshop that can serve from the Moanalua area to Waialua and Waianae areas.

A similar sheltered workshop is in the preliminary stage of discussion for the Windward side of Oahu. The Commissions on Social Concerns of the Kailua Methodist Church and the Parker Memorial Church met to discuss the possibilities of a sheltered workshop. Dr. Robert Spencer, of the Hawaii State Hospital, has indicated his interest in the project.

Goodwill Industries of Honolulu, Inc., has an opportunity to play an important role in the development of Goodwill Industries on an international scale. There are nineteen Goodwill Industries in foreign countries. The interest in the Goodwill program is increasing in many nations. These nations are looking to Goodwill Industries of America, Inc., for leadership training.

Dr. Percy Trevethan, Executive Vice President of Goodwill Industries of America, Inc., and other national leaders have expressed the hope that within a decade Goodwill Industries of Honolulu, Inc. would be in a position to establish a training school for the trainees from the nations bordering the Pacific Ocean.

REPORT OF THE BOARD OF LAY ACTIVITIES

We have enjoyed a productive and inspiring year. Dedicated to the task of enlisting the laity to fulfill the mission of the Church, the Board of Lay Activities revitalized its program and developed new ones to deepen the spiritual life of the lay members in the full witness of the Gospel.

Let me innumerate the year's activity:

1. Our mid-year meeting was held on July 22, 1964, at Harris Memorial Church, Honolulu. The attendance was very gratifying with 175 compared with 141 last year. Dr. John Cobb, Associate Professor of New Testament Theology, Southern California School of Theology, as the speaker. He was thought provoking, inspiring, and challenging.
2. Laymen's Day was held by most of the Churches on October 11, 1964. The churches were furnished with literature on the theme, "Able to Stand". Questionnaires were also sent to the churches to ascertain the kind of program

used. We learned that a very large percentage of the churches had outstanding laymen in various fields of endeavor as speakers.

3. Laymen's Retreat was held on October 16th and 17th on the theme, "The Christian Laymen and the Social Issues Today." Forty-six ministers and laymen enjoyed this stimulating and enlightening fellowship. Dr. Frederick Seifert, Assistant Professor of Religion, University of Hawaii, discussed "The Christian Church and World Order"; Reverend Lawrence Jones, Minister of Metropolitan Missions, United Church of Christ, spoke on the "Relevancy of the Church to Critical Issues of Today"; Honorable Dorothy Devereux, Hawaii House of Representatives, and Reverend Robert C. Loveless, President of the Honolulu Christian College and chairman of the Public Affairs Committee of the Honolulu Council of Churches, had a dialogue on, "The Layman and His Politics." Dr. Frank M. Toothaker, former District Superintendent, Southern California Conference, conducted a very inspiring campfire program. The Reverend William Buford summarized the retreat when he spoke on, "Time to Ponder, to Plan, to Program."
4. For the first time, the Board developed the "Certified Lay Speakers" program which started on September 28th and concluded on October 26th. Conforming with the requirements set forth by the General Board of Lay Activities, the classes were held every Monday for three hours at the First Methodist Church in conjunction with the School on Christian Growth. Local ministers were instructors and discussion leaders. Twenty-eight laymen were certified as Lay Speakers.
5. Dinner and Program in observance of the Centennial Year of Church Extension was sponsored jointly by the Board of Lay Activities and the Oahu Methodist Council on Thursday, December 3, 1964 at the Nuuanu YMCA. Dr. Harry S. Komuro, Division of National Missions, was the principal speaker. He related the growth of the Methodist Church in Hawaii and ventured projections. It was attended by 155 ministers and laymen.
6. Our Commissions' Workshop was held on Sunday, March 7, 1965, from 2:30-5:00 p.m., at the First Methodist Church. It included all the commissions plus the workshops for the Treasurer and Finance and the Official Board Chairman and Lay Leader. One hundred twenty-eight workers attended the workshop compared to 101 last year. The workshop was well received by the participants that they suggested another workshop be sponsored during the middle of the year. Two sets of film strip kits for all commissions and the Official Board were purchased by our Board and were utilized in the workshops.
7. Dr. William Fry Scholarship Fund received \$137.30 from our meager treasury.
8. Plans and Preparations are being made for our next Annual Laymen's Dinner on Friday, May 7, 1965, at the First Methodist Church. Collection at the Dinner will be used to defray the expenses of our delegate to the Fourth National Convention at Purdue University, July 9 to 11, 1965.
9. Jurisdictional Conference at Portland, Oregon, in July, 1964 was attended by your president as a lay delegate from Hawaii. Your Hawaiian delegation of Dr. Frank Butterworth, Reverend William Buford and your president were able to convince the Conferees by some beautiful and subtle ways to hold the 1968 Jurisdictional Conference in Hawaii for the first time.

In some ways, my report looks impressive, but I have been disturbed and concerned by the failure of the laymen's organization and the church to tap the tremendous reservoir of lay talent in our churches.

The laymen must be challenged as servants and stewards in the kingdom of God, and their spiritual lives must be nourished, enriched, and deepened for the days ahead.

As the church is a laymen's organization, we must assume our responsibilities if the church is to increase its influence and its effectiveness, for no church is greater than its laymen want it to be.

Are not these symptoms of spiritual complacency by the laity—critical shortage of adequately trained ministers; increasing membership in declining rate; low church school attendance; small percentage of our members actually participating in the activities of the church.

We need to rediscover the meaning of prayer for our times, and the power of witnessing our faith in the Christ.

In conclusion, allow me to express my deep appreciation to all the lay leaders and the representatives of all The Methodist Churches in Hawaii for their unselfish

support; to the mission staff, for the patience and understanding; and to Dr. Frank Butterworth and Reverend James Misajon, for their assistance and spiritual guidance.

May God's richest blessings be yours today and forever.

Aloha and Mabuhay,

ROLAND D. SAGUM, President

ANNUAL REPORT OF THE POHAI NANI FOUNDATION

This past year has witnessed several changes in the structure of this Foundation, including a change of our legal name from Hawaii Pacific Homes Corporation—to Hawaii Pacific Homes Foundation—to Pohai Nani Foundation.

A brief history should be of help in trying to understand these changes.

In 1954 a group of civic minded persons in Honolulu met at a weekend retreat and formed the "Action Group on Aging." They were concerned primarily with housing for the aged.

This group met several times and by 1956 asked Dr. Edward P. O'Rear of Pacific Homes of California to serve as their advisor. After study he suggested that an advisory committee be formed. Upon the recommendations of this advisory committee the Hawaii Pacific Homes Corporation was chartered on March 13, 1958. The main purpose of this corporation was to develop, build and operate a retirement home in Hawaii. The board of directors was so organized that its real control lay with the Division of National Missions of the Board of Mission of The Methodist Church, although its board of directors still represented a cross section of interested community people.

It soon became apparent that other resources would be needed than those available to the Hawaii Pacific Homes Corporation. In 1959 those resources were obtained by turning over the entire project of building and operating Pohai Nani Retirement Home to Pacific Homes of California. Pacific homes had almost fifty years of experience in the field of retirement homes and was well equipped to build and operate the facility. The board of directors and the present board of management has remained local people although control rests with the directors of the Pacific Homes of California Corporation in California.

In 1960 a group of interested citizens, realizing that the physical facilities were now provided for, organized Pohai Nani Foundation for the purpose of raising money to assist persons to enter Pohai Nani who needed supplementary finances in order to do so.

Once Pacific Homes of California began to build and operate Pohai Nani, Hawaii Pacific Homes Corporation began looking around for something to do. They decided to raise funds to assist persons needing such assistance in order to enter Pohai Nani. The Division of National Missions withdrew from the corporation leaving it to the Hawaii Mission of The Methodist Church.

Realizing that Hawaii Pacific Homes Corporation was probably better equipped for a continuing program of endowment, the Pohai Nani Foundation was dissolved in May 1963 leaving its assets to Hawaii Pacific Homes Corporation.

At the Annual Meeting of the Hawaii Pacific Homes Corporation in February 1964 several changes were made in the charter of the Corporation. In addition the name was changed to Hawaii Pacific Homes Foundation. Before these changes were legally completed it became obvious that the, now available, name Pohai Nani Foundation would be much more advantageous to our purpose of helping persons enter Pohai Nani. The entire membership of the Corporation was polled and voted overwhelmingly to change the name to Pohai Nani Foundation.

As you can see from the information given, the relationships between these groups have been complex. Most of this past year has been spent in taking the legal actions necessary to simplify the relationships. This is now done. We can now state quite simply the following: *The Pohai Nani Retirement Home* is owned and operated by Pacific Homes of California, an agency of the Southern California-Arizona Conference of The Methodist Church; *The Pohai Nani Foundation* is operated by The Methodist Church in Hawaii for the purpose of raising funds to assist persons who are qualified to enter Pohai Nani Retirement Home.

During the past year Dr. John Gray Ross has been retained to assist in raising funds for Pohai Nani Foundation. He has had some success with individuals and future years will show other successes in the form of bequests and gifts in the wills

of those with whom he has worked. Tentative feelers have gone out to other foundations here in Hawaii but these have not borne fruit as yet. I would like to express a very high regard for Dr. Ross and his real concern for achievement in this endeavor.

Although Pohai Nani and Pohai Nani Foundation are two legally separate groups we have, in the past, elected the same persons who serve on the Board of Management for Pohai Nani to serve on the Board of Trustees of Pohai Nani Foundation. We have in addition several other persons. Although this practice is not necessary it has proven to be convenient. In connection with the election of trustees we will be honoring a motion to make any such terms of office concurrent with each other.

According to the charter and by-laws of this Foundation, officers are appointed by the Board of Trustees. Officers for this year will be appointed at the first meeting of the Board following this Annual Meeting and included in the printed report of this meeting as it appears in the Hawaii Methodist Mission Conference Journal.

We are looking forward to another year in which we can again try to increase our assets and thus become of real use to the elderly people of Hawaii.

Respectfully submitted,

RICHARD H. PETERSON, President

POHAI NANI RETIREMENT HOME

PACIFIC HOMES CORPORATION

Southern California—Arizona Conference, The Methodist Church

The first year of operation of Pohai Nani has presented to its residents and Hawaii in general a new image in retirement living. Approaching it as an unknown experience and with some apprehension no doubt, residents have now settled down into pattern that expresses in action and words their happiness and feeling of security.

A total of 104 have moved into residence. Three have died. Three have withdrawn—one for health reasons and has since died. Of the other two, one now has an application on file to re-enter. This makes a net membership as of May 1, 1965 of 98 plus 4 companions for a total resident census of 102. In addition, 27 have been approved for membership but have not moved in. Interesting is the fact that included in our family are 29 Episcopalians; 28 Congregationalists; 13 Methodists; 5 Presbyterians; 2 Unitarians; 2 Christian Scientists; 1 Friends; 1 Baptist; 1 Bahai, and 16 no church affiliations.

Kahanaola, our health unit, has been surveyed for certification as a convalescent hospital by the American Hospital Association. We have been assured it will be given at their meeting this month. This will mean approval for payment by various insurance medical programs for private patients. At present we are admitting private patients and currently have eleven. Their payments of regular nursing home rates assist in the overall operating expenses of Pohai Nani.

The Pohai Nani Foundation has become a reality. Although the amount on de-

posit at present is small, it is a definite start. Eventually, this will be of real assistance to deserving applicants who need some financial assistance.

We look forward to a steady growth in the membership of Pohai Nani.

REPORT OF THE SUSANNAH WESLEY COMMUNITY CENTER

The year 1964 was one of re-evaluation, of "holding the fort" and taking a path in the direction of recommended proposals by the study committee. This study was sponsored by the Woman's Division of Christian Service of the Board of Missions and was comprised locally of Mrs. Ernest Akamine, Chairman, Miss Maki Ichiyasu, Mr. Hiroshi Minami, Mrs. Donald Kinch, Chairman of the Board, Mrs. James Komuro, Miss Genevieve Poppe and Mr. Thomas Shimabukuro.

Miss Poppe, director of the center for four years, deserves high praise for her part in conducting a modified group program and 4-H Clubs, while working closely with the local and national committees, establishing new goals. In June she returned to the mainland and a new assignment in Harrisburg, Pennsylvania.

Mrs. Geraldine Connor then took over a six weeks summer program which was most successful.

A vacation Bible School, directed and informal playground programs, trips and day camping kept many neighborhood children engrossed.

On September 1st, Mrs. Harrison M. Lang assumed the directorship.

Extensive repairs and alterations were made to the building for safety and esthetic purposes.

Further study and investigation of the neighborhood, led to a decision to provide a social service program in the Kalihi Valley low cost housing. This area has a very high rate of juvenile delinquency.

Our first venture was in establishing study halls with tutorial help, at Kaewai Elementary and Dole Intermediate Schools. Some 75 pupils were chosen by principals and counselors from those known to be failing in school. A marked improvement was noted four months later.

On January 4th a pre-school was started in the Kalihi Valley Housing with 34 registered, primarily from welfare recipients. Our goal is to prepare them for kindergarten as it was found that these youngsters need to be taught basics in order to make an easier adjustment when they go to school.

Two teachers were secured. One, a Samoan, was selected because of the numbers of the newly-come Samoan children and the teacher's desire to help her people in other ways.

Mothers of many of these pre-schoolers are bussed three times a week to Susannah Wesley for classes in cooking, ceramics, painting and discussions on behavior problems of their offspring by the Mental Health Association.

Interest and cooperation of the community at large has been tremendous.

The center continues to draw neighborhood children of all ages for recreation and group activities during the day, and study hall in the evening.

Future plans include broadening the scope of the center's services under the Economic Opportunity Act. Double sessions of pre-school at Kuhio Park Terrace and another at Kalihi Valley and five study halls within the school area, serving Kuhio Park Terrace will be started as soon as funds are released. We anticipate serving about 250 children in total, in addition to those in programs now operating.

Susannah Wesley is once again on its way!

REPORT OF THE WOMAN'S SOCIETY OF CHRISTIAN SERVICE

Any achievements covered by this, my first report as president of the Woman's Society of Christian Service of the Hawaii Mission Conference, are due in a large

part to the able leadership of Mrs. James Komuro for the past five years, the last five months of which are covered in this reporting period. We are proud that she, a laywoman, has been appointed to the Board of Missions, Hawaii's only delegate on this Board, and are grateful for the help that she continues to give us.

At four o'clock on January 19, 1964, women of Hawaii joined with those attending the Annual Meeting of the Woman's Division at Buck Hill Falls, and others around the world, in launching the beginning of the 25th anniversary observance. Every society on the Island of Oahu was represented on this occasion.

This year has again seen an increase in the number of societies with the organization of Ewa Beach Woman's Society of Christian Service in September and October. However, we have done well to maintain our membership of 735 members in our 24 societies.

Woman's Day at the 59th Annual Meeting of the Hawaii Mission of The Methodist Church was attended by 170 representatives from 25 Island churches, and 11 guests. A history of the Woman's Society of Christian Service of the Hawaii Mission Conference was presented and the five presidents were honored. An Honorary Life Membership was given to Mrs. Harry Komuro, wife of our former Superintendent. The offering of the day, amounting to \$137.54 was sent to World Literacy and Literature work.

On March 14, about 30 women from 10 churches on Oahu met in the quiet Kahaluu sanctuary for our Annual Day Apart. Communion, served by the Rev. Mr. Terauchi at the beginning of the day gave all a fine start to the hours of meditation and inspiration. A tape recording of music and poetry prepared by Mrs. Emory Roberts was of great value in directing our ears and minds to worship during the quiet lunch hour. There seems to be a growing awareness of the need for the deepening of spiritual life on the part of our women. Our secretary of Spiritual Life has sent devotional and inspirational materials to the local societies throughout the year.

The third delegated Annual Meeting was held May 22-23, 1964. On Friday evening 74 women were in attendance at Aldersgate Methodist Church, representing 24 churches of the Hawaii Mission. After dinner, Mrs. Roberts led the worship service following which a skit depicting the right and wrong ways of planning and presenting programs, was directed by Mrs. W. A. Buford. At the business session, a total budget of \$4,730 was accepted. \$3,784 of this amount was pledged for World-wide Mission. A supply asking of \$154 for Kwassui, Japan Junior College, under Foreign Fields, was accepted. On Saturday May 23 at Kilohana, 86 women were present at the second part of the Annual Meeting. A certificate of organization was presented to the Woman's Society of Christian Service of the Waimanalo Church. Mr. Charles Campbell's talk on Civil Rights helped us all to take an honest look at ourselves and our prejudices. The Rev. Mr. Samuel Lee installed the officers for the new year and the Pledge Service was conducted by Mrs. Gladys Matoi. The offering of \$89.25 was specifically designated for the new Jesse Lee Children's Home in Alaska, which has to be rebuilt after the severe earthquake damage. A \$50 travel subsidy was voted for World Friendship Girls to attend the camp at Idyllwild during the summer. Subscriptions to the Methodist Woman and World Outlook were ordered for the religious section of the Library of Hawaii.

On Saturday July 25, 94 women from 12 churches attended Officers Training Day at Parker Memorial Church. There the Conference Officers became acquainted with the local officers and conducted clinics aimed at giving knowledge and self-confidence to each officer and secretary. We were indeed fortunate to have Mrs. George Berry, President of the Western Jurisdiction Woman's Society of The Methodist Church, bring us the challenge of the new purpose of the Woman's Society of Christian Service. Mrs. Berry visited every society in the Islands, and I am certain that all of our lives have been enriched and blessed because of her having been with us. Mrs. Robert Leeper was responsible for organizing Officers Training Day and also for working out the many details of Verma's itineration—both jobs well done.

The 10th School of Missions was held from July 27-31 at Camp Kailani, with 18 camp-ins and 14 commuters. In addition to members from 16 Methodist Churches, women from the First Christian, Presbyterian and Congregational Churches attended and contributed much to the success of the school. Mrs. Berry was an inspiration to all who attended her evening course on "Purpose and Program In a New Age." The Rev. Harry Pak taught the study of Genesis and he was assisted by Mrs. John Wasson, Mrs. Hilo Himeno and Mrs. Hester Vanderburg. Mrs. W. A. Buford taught "Spanish Americans" and Mrs. Walter Wong led the class on "The Church's Mission Among New Nations." \$43 was sent to the projects assigned to our area. Mrs. James Komuro was Dean of the School and Miss Helen Harder was Registrar.

In 1964, 19 study classes were reported with 237 Woman's Society members attending. Most of these classes were church-wide, a trend which we are encouraging. Some of the after-class action reported is the continued meeting of some groups, especially those who were in the Spiritual Life classes. Prayer groups were formed or Bible Study is continuing. This year's Spanish American Study inspired many churches to have very colorful Mission Festivals and included the entire church in these evening programs. Christmas gifts were sent to Puerto Rico as a direct result of the study. Three of our Woman's Society officers led classes in the Island-wide School for Christian Growth last Fall and we anticipate closer cooperation between the Woman's Society Committee on School of Christian Mission and the Board of Missions in presenting Mission studies on a church-wide basis.

Program materials were made available at both the Annual Meeting and the School of Missions and over \$500 worth were purchased. Local officers were especially urged to read the "Methodist Woman" and "World Outlook" and to use the well planned program materials to stimulate interest in work being done around the world to accomplish our purpose.

This has been an eventful year in the area of Christian Social Concerns. We have again been alerted to the gambling issues and are ready to oppose any attempt by the legislature to legalize gambling in Hawaii. We have been deeply concerned with the implementation of the Civil Rights Act. Local churches have been encouraged to contribute to the Racial Witness Relief Fund. The youth in our churches have continued to support the UNICEF Halloween program.

Although the secretary of Student Work has been renamed and is now known as Secretary of Campus Ministry, her work continues to be the same. Information cards have been sent to universities and colleges before the Fall term. Jeannine McCullagh has been a great help in keeping us aware of the needs of foreign students and Crusade Scholars. We are continuing our support of the Religious Emphasis Committee of the Armed Services YMCA by participating in the Hospitality Hour, Java Club Devotions and providing church transportation and contributing \$50 toward the purchase of turkeys for Thanksgiving dinner for service men and families. Methodist Student Day offering for 1964 was \$1,044.75. Although the Secretaries of Youth Work and Children's Work will be discontinued as of June 1, 1965, we continue our interest in the Missionary Education of children and youth. Special attention has been given to ways of promoting additional sessions and working with Sunday School personnel in them.

The vice president, Elizabeth Buford, held two very significant workshops on Hawaii and Maui, with strong emphasis on Purpose and Program in the New Age. The inter-relationship of all parts of the work of Woman's Society and our work in the entire church structure has been stressed. Our aim is to strengthen and help women in the local churches so that they may better serve their churches and communities to make the Kingdom of God a reality where they are.

Our pledge of \$3,440 for 1963-64 to the Woman's Division for world-wide Mission was met with an over and above giving of \$862.13, plus \$309.22 from Call of Prayer, \$465.85 for Supply, and supplementary gifts of \$412.71 for a total of \$5,489.90. Our Supply Asking for the Church of All Nations in Los Angeles was \$200 which was paid.

Four Newsletters were sent out during the year, as well as flyers and announcements before scheduled meetings. Our able secretary, Mary Davis, continues her efficient work in this line.

Miss Louise Campbell paused in Honolulu for a few days on her furlough from India and we were happy to meet and entertain her.

We are deeply grateful to the Woman's Division for making it possible for Maren Wong and Elizabeth Buford to attend the Jurisdiction School of Missions in Tacoma last summer. Maren and Elizabeth provided excellent leadership at our School of Missions as well as in all phases of our program. Mrs. Berry's month in Hawaii was also made possible by the Division, a gift for which we will always be thankful.

This report would not be complete without a word of appreciation to all of those women who have served so faithfully on the Executive Committee, to the ministers and their wives on whom we depend so much for guidance, to the local societies and their officers for their devotion to our work, to the Western Jurisdiction and Division officers who continue to give us not only financial aid, but who uphold us with their prayers and leadership.

This has been a year of the new structure of the Board of Missions, the new purpose of the Woman's Society of Christian Service, and we have even been "Summoned to a New Age" in our programs. May we move forward courageously "to help

women grow in the knowledge and experience of God as revealed in Jesus Christ and challenge them to respond to God's redemptive purpose in the world."

RESOLUTION OF APPRECIATION

WHEREAS, Jim McGiffin served as our first Director of Christian Education in Hawaii and then continued to minister to our needs as the Director of Christian Education of the Outpost Missions of The Division of National Missions of The Methodist Church and,

WHEREAS, Jim McGiffin, along with his wife Lucy, has been in our midst since January, 1965, serving as our Interim Executive Secretary of our Board of Education;

It is our prayer that they may enjoy continued good health and, the Lord willing, shall one day return to serve with us.

RESOLUTION CONCERNING MISSION STATUS

In order to properly appraise the status of the Methodist Church in Hawaii and in order to appraise, accurately, the feelings of both mission personnel and laymen in the churches about the future status of The Methodist Church in Hawaii, I do hereby move:

That the Committee on Mission Organization or some other appropriate body chosen by the Bishop and Mission Superintendent, study the procedure for becoming (a) a District of a mainland conference, (b) a Provisional Annual Con-

ference, and that these procedures be listed as a schedule of possibilities including such things as—degree of self-support needed; cost of travel to Annual Conference; relationship to conference boards in determining and carrying out program; level of minimum salaries; and all other pertinent factors; *and that* this information be presented to the churches at least 90 days before the Annual Meeting of The Methodist Church in Hawaii in 1966. This will make possible definite and clear action by the Annual Meeting either choosing a change of status or rejecting it, if anyone cares to bring it before the conference.

[NOTE: The motion was seconded and passed and referred to the Committee on Mission Organization for its action.]

IRA D. STECKMAN HALL, LIHUE, KAUAI

Easter Sunday
Apr. 18, 1965

To: The Rev. and Mrs. Ira D. Steckman

During the last three years, we, the congregation of the East Kauai Methodist Church, have enjoyed the full ministry of the Rev. Ira Steckman and his lovely wife, Merle. These years have been full and happy ones for all of us.

At the beginning of their ministry, our church was a small, struggling group of persons from many backgrounds. Paul speaks of "the foolishness of preaching," but Ira's searching and thought-provoking sermons led us to self-examination and to deeper dedication to the difficult task of Christian discipleship. This deeper dedication also led to greater stewardship of time and money to the work of our church.

We have shared many problems in becoming an interracial and bilingual Christian fellowship. Humbly we seek God's guidance in furthering our efforts in this area.

One of the most exciting developments of the last three years has been the planning and construction of our new educational building. This structure is, more than anything else, a very tangible symbol of the vigor and effectiveness of the ministry of the Steckmans. Without their leadership and service this building could not have been constructed. Therefore, with the permission of the District Superintendent and the Division of National Missions of The Methodist Church, it is the wish of this congregation that the educational building of the East Kauai Methodist Church will be called "Ira D. Steckman Hall."

With our fondest Aloha and best wishes, we ask God's blessings on you.

Sincerely yours,
Donald L. Plucknett

REPORT OF COMMITTEE ON ANNUAL MEETING

Courtesies and Acknowledgments

On behalf of all of us who have grown taller and broader during this 60th Annual Meeting of The Methodist Church in Hawaii, the Committee on Resolutions of Courtesy and Appreciation wishes to present a resolution expressing a heartfelt thank you to the many who have made these five days move efficiently from the Wednesday night Bishop's Banquet to the receiving of the Bishop's blessings this Mother's Day Evening, May 9, 1965.

Mahalo nui loa:

TO HARRIS MEMORIAL METHODIST CHURCH for her uplifting sanctuary, her helpful secretary, the telephone, the lights, the flowers, the plumbing, the garden, the use of many rooms, the wonderful child care, the constant kitchen staff forever alert for unusual coffee breaks, the delicious dinner for Youth Day, the friendly atmosphere.

TO MRS. HESTER VANDERBURG for her sensitive organ playing which heightened our worship.

TO FIRST METHODIST CHURCH who hosted Laymen's Night and the Annual Meeting at Worship, Sunday morning.

TO AIEA, whose wonderful youth group, as well as her Men's and Women's groups, did the work of the Laymen's Night dinner quietly, efficiently, attractively.

TO KAHUKU CHURCH, who started the week with the dedication of their new building with a Hawaiian blessing so tremendous all of Oahu thought Jack and Helen Smith had better start building an Ark. It is not the first time a preacher has been a carpenter but we all agree the Smiths and the Kahuku people deserve special recognition, a unique thank you. I wish words were capable of expressing our admiration for them.

TO KAILUA CHURCH for preparing and serving the Minister's Wives and Women Workers Hawaiian luncheon.

TO THE MANY LAYMEN AND MINISTERS whose foresight and attention to detail made the Bishop's Banquet one of the smoothest ever. And to the many laymen and ministers who have helped with housing and transportation.

TO THE ADVERTISER AND STAR BULLETIN for their recognition of this Annual Meeting and for their continually generous coverage of the developments of Hawaii Loa College.

TO DR. AND MRS. FREDERICK MASER a mahalo will rise each year as we open John Wesley's Volume interpreting the New Testament and remember our heritage and your thoughtful generosity. And thank you, Dr. Maser, for giving us a good night's rest Friday night—we laughed ourselves to exhaustion—you rolled us in the aisles, then showed us how to stand up and preach the good news.

A MAHALO TO DR. ALAN WALKER for staying up all night on his way to Australia that we might hear him speak and have our imaginations get excited with the possibilities of unconventional evangelism.

TO POHAI NANI who gave us bread to feed the body as well as beauty to uplift the soul.

TO HARRY KOMURO, ambassador at large for the National Division, with a new portfolio, we extend congratulations and best wishes with the request he take back with him Alohas to Yuki and appreciation to all in New York and Philadelphia who by their efforts green lights come on for us out here.

TO DR. AND MRS. IRWIN MOTZ for coming such a long way to insure journeying mercies to each of us down the golden years of our retirement.

TO MISS RUTH CHAPMAN who came from the Women's Division to rejoice with us over the new birth of enlarged concern at Suzannah Wesley Community Center.

TO DR. AND MRS. JAMES MCGIFFIN for sharing five months of their coveted retirement with us. I'm sure Ben Youngblood and the rest of us would like to thank Jim for all the help he has given our Education Program. And thanks, Jim and Lucy, for your unpretentious humanness, your ability to find the praiseworthy in each of us. After this Annual Meeting most of us will collapse, but Jim and Lucy, after their 3-mile walk along Kailua Beach tomorrow morning, will probably report to the office yet concerned to build for the youth of Hawaii.

Mahalo nui loa,

TO ALDERSGATE CHURCH, which warmed more than our hearts this after-

noon, for rebuilding and reconsecrating that bread and wine and the basin and towel might be known in your parish.

Our heartfelt congratulations and best wishes to MR. AND MRS. SOU SOU LUTERO.

It oils the machinery to thank those who do what they are supposed to do—so thank you to the lay staff members and wives and ministers and wives who met the needs of their families, sandwiched in the emergencies of their congregations, and drove extra hours each day to be here.

BUT A MAHALO NUI NUI to each of the lay delegates who voluntarily took time away from their jobs and families to serve their church.

TO REV. JAMES MISAJON for his tireless efforts with record keeping and to be of help to the persons behind the statistics.

TO THE SECRETARIAL STAFF at Headquarters.

TO DR. AND MRS. BUTTERWORTH whose enthusiasm for Hawaii enables each family in the Mission to join hands and hearts in producing an endless line of splendor for the cause of Christ and His Church. We all wish for them journeying mercies, a good rest and much enrichment as they leave for Europe on Wednesday.

BISHOP KENNEDY AND MRS. KENNEDY, we are grateful for you. You have engendered in us the feeling you don't judge us on comparisons or statistics alone. When you call us to the altar tonight and speak very personally to us, this will be the high point of the 60th Annual Meeting for many of us. Somehow you communicate understanding and concern and we are lifted to a higher resolve. Thank you for this above all else you do for us.

If there are no additions, I move the adoption of this resolution of appreciation.

Respectfully submitted,

MRS. B. RHODES MARTIN, Chairman,
Committee on Resolutions of Courtesy and
Appreciation

FORMULA FOR DETERMINING GRADE FIGURE UNDER APPORTIONMENT SYSTEM

1. The method used in determining the apportionments is the GRADE FIGURE SYSTEM.
This is a mathematical process for determining the RELATIVE STRENGTH of one local church to other churches in the Mission.
2. The system is actually a survey of each local church's (1) MEMBERSHIP, (2) PASTOR'S SUPPORT, (3) CURRENT EXPENSES and (4) WORLD SERVICE AND CONFERENCE BENEVOLENCES.
The total for determining the base for each of these factors shall be the average of the totals for each of the factors for the last three years immediately preceding the Annual Meeting at which time the budget for Apportionment is adopted.
The ratio of each church to the Mission total for each of the four factors is averaged in order to eliminate, as far as it is humanly possible, any possible penalty or advantage due to unusually heavy or light ratios.
The average of the four ratios is the GRADE FIGURE or the percentage of the total amount needed which the church will pay.
The total required for each cause is then multiplied by the GRADE FIGURE which gives the Apportionment for each cause for the local church.
3. *GLOSSARY*
 - a. MEMBERSHIP—Total membership as reported in Pastor's Report.
 - b. CURRENT EXPENSES—Current expenses as reported in the Pastor's Report (the same to include Division subsidy, e.g. car allowance, etc.).
 - c. WORLD SERVICE AND CONFERENCE BENEVOLENCES—That amount apportioned to the churches each year as a result of the action by the Annual Meeting. (The same not to include gifts for special causes, e.g. Advance Specials, *Discipline* required offerings for special days, or any other voluntary offerings taken for benevolences by local church.)
 - d. MINISTERIAL SUPPORT—That amount paid by the local church either directly to the pastor(s) or paid to the Mission office for the pastor(s).
